What went wrong?

- Did we do a good job estimating our team's velocity?
 - **Yes. Final submission is about to be complete and will require one more sprint**
- Did we do a good job estimating the points (time required) for each user story?
 - **Yes, user stories are on track to be completed in the expected time frame**
- Did each team member work as scheduled?
 - **Yes, every team member worked as intended.**

What went right?

- **The team took initiative to create documentation and applications on themselves without having much overhead. The team also helped each other when needed. Final submission is in progress.**

How to address the issues in the next sprint?

- How to improve the process?
Continue at our current pace and to continue communicating.
- How to improve the product?
Add a couple more features and refine current features.
