IT Asset Management System Shortcomings And Wishlist

Students: Anthony Yi, Tejash Pradhan, Victoria Riley, Levis Vazquez, Erika Pita

Instructor/Faculty: S. Masoud Sadjadi, Ph.D., Florida International University

Knight Foundation School of Computing and Information Sciences

SPRING 2026 Senior Design Project

Shortcomings

Current shortcomings:

- Only works on one platform
- Limited to either only being ran on emulators or Android devices.
- Data is locally stored.

Future Work

- Cloud sync and backup
- Other Platforms
- Web admin dashboard
- Barcode / QR scanning
- Push notifications
- Maintenance reminders
- Multi-location support
- Advanced analytics

Thank You!
