

DAILY SCRUM MEETING 4 (1/15/26)

Attendees: Mia Mader, David Martinez, Mariah Harris, Christopher Vivas Zachary Shea

Start time: 6:30PM

End time: 7:00PM

Mia Mader

- *How many hours did I work since the last meeting?*
 - 2 hours
- *What was done since the last scrum meeting?*
 - Continued researching and writing down notes on Spring and Postgres
 - Refresh knowledge on JavaScript
- *What is planned to be done until the next scrum meeting?*
 - Continue researching the chosen frameworks
- *What are the hurdles?*
 - Balancing classwork and other responsibilities with research

David Martinez

- *How many hours did I work since the last meeting?*
 - 2 hours
- *What was done since the last scrum meeting?*
 - Research the main concepts of Spring (Inversion of Control, Application Context, Beans, Dependency Injection)
- *What is planned to be done until the next scrum meeting?*
 - Continue investigating Spring in more depth and select the modules that can best serve our project (MVC, Data).
- *What are the hurdles?*
 - *Translate the concepts learned from Spring into an implementation plan for our project.*

Mariah Harris

- *How many hours did I work since the last meeting?*
 - 2 hours
- *What was done since the last scrum meeting?*
 - Reviewed existing research and identified additional sources relevant to the project
- *What is planned to be done until the next scrum meeting?*
 - Continue reviewing collected research and begin focused research on HTML fundamentals
- *What are the hurdles?*
 - Becoming familiar with new frameworks and strengthening understanding of HTML concepts

Christopher Vivas

- *How many hours did I work since the last meeting?*
 - 2 hours
- *What was done since the last scrum meeting?*
 - Brainstormed potential user stories, architectures. Researched potential databases to use for the project.
- *What is planned to be done until the next scrum meeting?*
 - Continue to research on PostgreSQL, architectures, and brainstorming potential user stories.
- *What are the hurdles?*
 - *Deciding on an architecture to use as the system design.*

Zachary Shea

- *How many hours did I work since the last meeting?*
 - 2 hours
- *What was done since the last scrum meeting?*
 - Began a demo basic code using Java for a mock test of the book finding feature.
 - Continued to watch videos on html
- *What is planned to be done until the next scrum meeting?*
 - Continue working on the basic demo.
- *What are the hurdles?*
 - *None*
