

DAILY SCRUM MEETING 6 (1/20/26)

Attendees: Mia Mader, David Martinez, Mariah Harris, Christopher Vivas Zachary Shea

Start time: 6:30PM

End time: 7:00PM

Mia Mader

- *How many hours did I work since the last meeting?*
 - 2 hours
- *What was done since the last scrum meeting?*
 - Refreshing myself on JavaScript and HTML, and how they relate to our chosen frameworks.
- *What is planned to be done until the next scrum meeting?*
 - Continue reviewing the languages and frameworks we will be using.
- *What are the hurdles?*
 - Understanding the frameworks and ensuring I can work well with them.

David Martinez

- *How many hours did I work since the last meeting?*
 - 2 hours
- *What was done since the last scrum meeting?*
 - I reviewed and tested the relevant modules for the project (Spring MVC, Data, Security and Bean Validation).
- *What is planned to be done until the next scrum meeting?*
 - Finish selecting the project modules and begin designing the project architecture.
 - Search for information on similar projects.
- *What are the hurdles?*
 - *Translate the concepts learned from Spring into an implementation plan for our project (especially storage and security decisions).*

Mariah Harris

- *How many hours did I work since the last meeting?*
 - 2 hours
- *What was done since the last scrum meeting?*
 - Continued researching HTML fundamentals and reviewing how they apply within the current frameworks being used.
- *What is planned to be done until the next scrum meeting?*
 - Continue strengthening understanding of HTML concepts and begin applying them more directly to framework-based development
- *What are the hurdles?*
 - Adjusting to new frameworks and fully understanding how HTML integrates with them

Christopher Vivas

- *How many hours did I work since the last meeting?*
 - 2 hours
- *What was done since the last scrum meeting?*
 - Created a small test directory using Spring Security to test security protocols.
- *What is planned to be done until the next scrum meeting?*
 - Integrate PostgreSQL into the Spring framework and test saving and encrypting users into a database.
- *What are the hurdles?*
 - None

Zachary Shea

- *How many hours did I work since the last meeting?*
 - 2 hours
- *What was done since the last scrum meeting?*
 - Created a miniature website using both Java and html backing.
 - Reenforced my ability to write code consistently without fail.
- *What is planned to be done until the next scrum meeting?*
 - To continue writing more of the html and java program I have already began to do.
- *What are the hurdles?*
 - HTML may lead to difficulties at times
