

DAILY SCRUM MEETING 7 (1/21/26)

Attendees: Mia Mader, David Martinez, Mariah Harris, Christopher Vivas Zachary Shea

Start time: 6:30PM

End time: 7:00PM

Mia Mader

- *How many hours did I work since the last meeting?*
 - 2 hours
- *What was done since the last scrum meeting?*
 - Refreshing myself on JavaScript and HTML, and how they relate to our chosen frameworks.
- *What is planned to be done until the next scrum meeting?*
 - Testing a small project with Spring and Postgres alongside JS, and HTML to ensure I understand how to work with them.
- *What are the hurdles?*
 - Understanding the frameworks and ensuring I can work well with them.

David Martinez

- *How many hours did I work since the last meeting?*
 - 2 hours
- *What was done since the last scrum meeting?*
 - Began to design the structure of our project (config, controller, model, repository, service)
- *What is planned to be done until the next scrum meeting?*
 - Improve the project implementation design.
 - Continue studying SPRING and its features.
- *What are the hurdles?*
 - *Configure Spring correctly with database integration and Spring Security.*

Mariah Harris

- *How many hours did I work since the last meeting?*
 - 2 hours
- *What was done since the last scrum meeting?*
 - Reviewed HTML structure and elements and explored how they are implemented within the project's current frameworks
- *What is planned to be done until the next scrum meeting?*
 - Practice applying HTML concepts in framework-based components and continue building familiarity with the framework workflow
- *What are the hurdles?*
 - Gaining comfort with the framework syntax and understanding how it interacts with standard HTML

Christopher Vivas

- *How many hours did I work since the last meeting?*
 - 2 hours
- *What was done since the last scrum meeting?*
 - Integrated PostgreSQL into the Spring framework and tested saving and encrypting users into a database.
- *What is planned to be done until the next scrum meeting?*
 - Continue to work on PostgreSQL and Spring to test different entities and save the correct data securely to the database.
- *What are the hurdles?*
 - Issue with encrypting user data

Zachary Shea

- *How many hours did I work since the last meeting?*
 - 2 hours
- *What was done since the last scrum meeting?*
 - Completed another program entirely based on html and java.
 - Worked on the discord server to ensure all of our progress is kept there
- *What is planned to be done until the next scrum meeting?*
 - Continue learning html
 - Communicate with my team on how to further our work together.
- *What are the hurdles?*
 - None
