

DAILY SCRUM MEETING 14 (1/30/26)

Attendees: Mia Mader, David Martinez, Mariah Harris, Christopher Vivas Zachary Shea

Start time: 6:30PM

End time: 7:00PM

Mia Mader

- *How many hours have I worked since the last meeting?*
 - 2 hours
- *What was done since the last scrum meeting?*
 - Worked on the skeleton of the login screen using the class diagrams, sequence diagrams, and use case diagrams as a basis
- *What is planned to be done until the next scrum meeting?*
 - Create a basic look of the webapp using figma
 - Upload some of the basic code on github
- *What are the hurdles?*
 - Ensuring that the implementation matches our planning from the diagrams

David Martinez

- *How many hours have I worked since the last meeting?*
 - 2 hours
- *What was done since the last scrum meeting?*
 - Practiced the basic functions of GitHub (creating new branches and pull requests).
- *What is planned to be done until the next scrum meeting?*
 - Start implementing the basic user structure for use in the login/registration function that will be implemented soon.
- *What are the hurdles?*
 - Gain confidence with Github and learn to properly resolve conflicts when merging branches.

Mariah Harris

- *How many hours have I worked since the last meeting?*
 - 2 hours
- *What was done since the last scrum meeting?*
 - Practiced using GitHub by reviewing repositories and commits, and continued exploring how Spring organizes components and handles application flow
- *What is planned to be done until the next scrum meeting?*
 - Continue hands-on practice with GitHub and further examine how Spring components interact within the project
- *What are the hurdles?*
 - None

Christopher Vivas

- *How many hours have I worked since the last meeting?*
 - 2 hours
- *What was done since the last scrum meeting?*
 - *Finalized ERD, revised a workflow to begin implementing a database into the spring framework.*
- *What is planned to be done until the next scrum meeting?*
 - *Research database management requirements and techniques. Learn how relational databases work and how they can be applied to our system design*
- *What are the hurdles?*
 - *Decision to upload files directly to database vs cloud service.*

Zachary Shea

- *How many hours have I worked since the last meeting?*
 - 2 hours
- *What was done since the last scrum meeting?*
 - Continued to work on an html and java mini project to understand the coding aspect for next week.
 - Edited the Use Case Diagram to fit more of what we need.
- *What is planned to be done until the next scrum meeting?*
 - *To begin coding the database.*
- *What are the hurdles?*
 - None
