

DAILY SCRUM MEETING 47 (3/25/26)

Attendees: Mia Mader, David Martinez, Mariah Harris, Christopher Vivas Zachary Shea

Start time: 6:30PM

End time: 7:00PM

Mia Mader

- *How many hours have I worked since the last meeting?*
 - 3 hours
- *What was done since the last scrum meeting?*
 - Worked on the javascript for the search, table of contents, and chapter view pages.
- *What is planned to be done until the next scrum meeting?*
 - Implement different navigation bars depending on if the user is logged in or not
 - Meet with backend team and discuss next steps
- *What are the hurdles?*
 - None

David Martinez

- *How many hours have I worked since the last meeting?*
 - 3 hours
- *What was done since the last scrum meeting?*
 - Implemented support for cover images by adding a coverUrl field to the Book and Series DTOs.
 - Modified the backend to generate public S3 URLs for covers instead of using pre-signed links.
 - Conducted various tests on the functionality to ensure that the URLs were being generated without issues.
- *What is planned to be done until the next scrum meeting?*
 - Created the "reading status" feature, including the ReadingStatus enum (with values: currently reading, finished, and want to read).
 - Established the backend structure to accommodate the reading process, including the necessary entities, DTOs, services, repositories, and controllers.
- *What are the hurdles?*
 - Ensured that reading progress data is correctly linked to both users and books.

Mariah Harris

- *How many hours have I worked since the last meeting?*
 - 3 hours
- *What was done since the last scrum meeting?*
 - Work on JavaScript for the front end
- *What is planned to be done until the next scrum meeting?*
 - Work on JavaScript for the front end
- *What are the hurdles?*

- None

Christopher Vivas

- *How many hours have I worked since the last meeting?*
 - 3 hours
- *What was done since the last scrum meeting?*
 - Ran test case on logout feature
- *What is planned to be done until the next scrum meeting?*
 - Implement a feature to mimic session features since JWT sessions are stateless
 - Add feature to extend a session
 - Add feature to keep user logged in for up 7 days
- *What are the hurdles?*
 - None

Zachary Shea

- *How many hours have I worked since the last meeting?*
 - 3 hours
- *What was done since the last scrum meeting?*
 - Developed the final document.
 - Developed the final presentation.
- *What is planned to be done until the next scrum meeting?*
 - Develop the final project.
- *What are the hurdles?*
 - None
