David Martinez

- *How many hours have I worked since the last meeting?*
 - 3 hours
- *What was done since the last scrum meeting?*
 - Implement the reading progress feature, including the reading status enum, the entity, DTOs, service, repository, and controller.
- *What is planned to be done until the next scrum meeting?*
 - Add publication status functionality by introducing the corresponding enum (draft, published).
 - Implement the "publish" and "unpublish" endpoints to ensure that only published books are returned via the public-facing endpoints.
 - Test that the publication workflow functions correctly and verify that all endpoints exhibit the expected behavior.
- *What are the hurdles?*
 - Ensure that authorization and ownership checks function correctly when publishing and unpublishing books.

Mariah Harris

- *How many hours have I worked since the last meeting?*
