### David Martinez

- *How many hours have I worked since the last meeting?*
  - 3 hours
- *What was done since the last scrum meeting?*
  - I conducted final testing on all features, including publication status, the review system, and the integration between the backend and the frontend.
  - I debugged issues where specific frontend pages were not correctly receiving data from the backend and resolved API communication problems.
  - I verified that all endpoints were functioning correctly within the deployed environment.
- *What is planned to be done until the next scrum meeting?*
  - I performed final validations on the application's complete workflow.
  - I resolved any remaining edge cases, ensuring the system was stable for the final presentation.
- *What are the hurdles?*
  - I ensured that all frontend pages consistently retrieve and display information from the backend correctly within the deployed environment.
