

Sprint Planning Meeting Minutes: 1/26/26

Attendees: Johnathan Doralus, Isaiah Lora, Barbaro Ibanez, Noah Cook

Start time: 2:00 PM

End time: 2:30 PM

After discussion, the velocity of the team was estimated to be : 20pts

The product owner chose the following user stories to be done during the next sprint. They are ordered based on their priority.

- User Story 3: Appointment Organization Backend refinement (5 pts)
 - As a database admin, I want further organization of appointments made and details associated with appointments so any minor details can be seen.
- User story 4: Rework Home Page for UI (5 pts)
 - As a UI designer, I want the home page to appear more modern and have a more visible layout so staff and members can have a better experience
- User Story 5: Rework Scheduling functionality (5 pts)
 - As a System Administrator, I want the scheduling system to be easier for patients and staff to choose the reasoning and be presented with a calendar view.
- User Story 6: Product documentation/help guidelines (5 pts)
 - As a database administrator, I want better organization of data types and users to be able to see changes appointments have on the system

The team members indicated their willingness to work on the following user stories.

- Johnathan Doralus – User Story 3: Appointment Organization Backend refinement (5 pts)
- Noah Cook – User story 4: Rework Home Page for UI (5 pts)
- Barbaro Ibanez – User Story 5: Rework Scheduling functionality (5 pts)
- Isaiah Lora – User Story 6: Product documentation/help guidelines (5 pts)
