

Sprint Planning Meeting Minutes:

Attendees: Diego Martinez, Jhonny Felix, Christian Cevallos

Start time: 4:00 PM

End time: 4:30 PM

After discussion, the velocity of the team was estimated to be N/A.

The product owner chose the following user stories to be done during the next sprint. They are ordered based on their priority.

- There are no more user stories to complete. We are in the stages of running back through our code and optimizing/polishing rather than adding any new features. This will likely be the case until the showcase unless decided otherwise.
