

Product Owner Meeting Minutes:

Attendees: Shelby Larrucea, Justin Kurz, Alex Cardoso, Imran Imran, Sebastian Perez Fematt

Start time: 6:30pm

End time: 7:00pm

After discussion, the velocity of the team was estimated to be 7 full sprints for the finished product.

The product owner chose the following user stories to be done during the next sprint. They are ordered based on their priority.

- User Story 1: As a reader I want to finish a book and be able to input its title into NextPick and immediately receive a recommendation for my next read based on the book's qualities.
- User Story 2: As a user I want the interface to be user friendly and not require advanced skills to manipulate.
- User Story 3: As a user I want to be able to receive recommendations without having to create an account or log in.
- User Story 4: As a User I want the database to be extensive in order to receive recommendations from a larger pool.
- User Story 5: As a user I want the algorithm to respond back in a timely manner and not time out requests.

The team members indicated their willingness to work on the following user stories.
