

## **Sprint Planning Meeting Minutes:**

Attendees: Shelby Larrucea, Justin Kurz, Alex Cardoso, Imran Imran, Sebastian Perez Fematt

Start time: 10:30pm

End time: 11:05pm

After discussion, the velocity of the team was estimated to be 1 Sprint for these stories

The product owner chose the following user stories to be done during the next sprint. They are ordered based on their priority.

- User Story 1: As a reader I want to finish a book and be able to input its title into NextPick and immediately receive a recommendation for my next read based on the book's qualities. (Robust version of algorithm)
- User Story 2: As a user I want the interface to be user friendly and not require advanced skills to manipulate. (Begin working on site)
- User Story 3: As a user I want to be able to receive recommendations without having to create an account or log in. ( Site work)
- User Story 4: As a User I want the database to be extensive in order to receive recommendations from a larger pool. (Clean and process dataset)
- User Story 5: As a user I want the algorithm to respond back in a timely manner and not time out requests. (Testing )

The team members indicated their willingness to work on the following user stories.

- Shelby Larrucea
  - User Story 4 Database
- Justin Kurz
  - User Story 1 Algorithm Work
- Alex Cardoso
  - User Story 1 & 2 UI Work
