What went wrong?

- Did we do a good job estimating our team's velocity?
 - Yes we were able to work on all our stories.
- Did we do a good job estimating the points (time required) for each user story?
 - Most meeting were held on time, some had to be altered for production.
- Did each team member work as scheduled?
 - All members worked as intended.

What went right?

- We were able to work on our intended roles and communicate as a team.
- We have implemented everything and are just documenting.

How to address the issues in the next sprint?

- How to improve the process?
 - Continue to communicate outside of meetings and organize documents.
- How to improve the product?
 - Continue to update the database and grow what is in place.
