Attendees: Christopher Kverne, Nathan Lioe-A-Tjam, Isabella Anthony

Start time: 04/26/26 6:35pm

End time: 04/26/26 6:55pm

Snapshot of the recent sprint that was done.

- Task Status
 - Completed: 4
 - Carried over: 0

Reflection of the last sprint.

- Christopher
 - What went well: Were able to make significant progress toward the paper. I was able to rewrite various sections. We communicated effectively and made progress. Moreover, all the experiments that were needed are completed.
 - Things to improve: Feedback on the paper and deadline upcoming.
- Nathan
 - What went well: We were able to finalize the project and completed additional experiments. Throughout the last sprint we were able to communicate well and finish our project in a timely manner.
 - Things to improve: Feedback on the paper and deadline upcoming.
- Isabella
 - What went well: During the last sprint we were able to finish our project. The group did a good job at communicating the experiments and tasks that needed to be completed. We were able to finish most of the experiments and prepared everything needed for the showcase. We also presented at the showcase.
 - Things to improve: Feedback on the paper and deadline upcoming.
