

Daily Scrum Meeting Minutes

Date: April 2, 2026

Attendees: Ronald Sierra, Raiyan Mahfuz Aulino, Ainoa Perez-Calderon, Humberto Padron

Start time: 4:00 PM

End time: 4:30 PM

Ronald Sierra

- **Hours worked since last meeting: 2 hours**
- **What was done since last scrum: Refined the session loading functionality and verified that saved data correctly populates UI fields.**
- **What is planned before next scrum: Conduct a comprehensive audit of older saved formats to ensure full backward compatibility with the current structure.**
- **Hurdles: Mapping complex legacy data structures to new UI field requirements.**

Raiyan Mahfuz Aulino

- **Hours worked since last meeting: 2 hours**
- **What was done since last scrum: Integrated the new error handling system with other core system components.**
- **What is planned before next scrum: Perform unit testing on the suggested fix logic to ensure accuracy across all error types.**
- **Hurdles: Balancing the depth of technical error details with clear, actionable suggested fixes for the end user.**

Ainoa Perez-Calderon

- **Hours worked since last meeting: 2 hours**
- **What was done since last scrum: Continued expanding accessibility features and performed usability testing across various user scenarios.**
- **What is planned before next scrum: Finalize keyboard navigation logic and audit visual adjustments for contrast compliance.**
- **Hurdles: Resolving conflicts between specific accessibility overlays and the core design layout.**

Humberto Padron

- **Hours worked since last meeting: 2 hours**
- **What was done since last scrum: Expanded advanced settings functionality and completed final integration with core system features.**
- **What is planned before next scrum: Create a "Default Reset" logic to ensure advanced settings can be reverted without affecting core stability.**
- **Hurdles: Preventing specialized advanced settings from overriding global application behaviors.**
