Ronald Sierra

- Hours worked since last meeting: 2 hours
- What was done since last scrum: Continued testing the application and successfully resolved several reported bugs.
- What is planned before next scrum: Focus on identifying the root cause of intermittent issues and verifying stability across all modules.
- Hurdles: Difficulty in consistently reproducing certain edge-case bugs.

Raiyan Mahfuz Aulino

- Hours worked since last meeting: 2 hours
- What was done since last scrum: Completed the review of all system messages and finalized the wording throughout the application.
- What is planned before next scrum: Perform a final audit to ensure the simplified messaging remains informative for the end user.
- Hurdles: Balancing the need for brevity with the necessity of providing technical clarity in error notifications.

Ainoa Perez-Calderon

- Hours worked since last meeting: 2 hours
- What was done since last scrum: Finalized all page layouts and confirmed visual consistency across every application section.
- What is planned before next scrum: Conduct a final responsiveness check to ensure the finalized layouts behave correctly on different screen sizes.
- Hurdles: Addressing minor spacing and alignment variations between distinct functional sections.

Humberto Padron

- Hours worked since last meeting: 2 hours
- What was done since last scrum: Completed the review of text/label inconsistencies and identified all areas requiring updates.
- What is planned before next scrum: Implement the necessary corrections for the noted inconsistencies to align with the rest of the app.
- Hurdles: Synchronizing label changes without disrupting existing UI mappings.
