

Sprint Review Meeting Minutes:

Date: 3/15/2026

Attendees: Max Gleiberman, Julian Hernandez, Nathan Mahabeer, Elizabeth Hechavarria

Start time: 6:00pm

End time: 6:30pm

Show & Tell Presentation:

User Story #6 – Project Poster Development (In Progress)

- Initial poster template set up with FIU/CEC branding.
- Section assignments completed for architecture, risk assessment, dashboards, and results.
- Early visuals and diagrams drafted for review and integration.

Rejected / Returned to Backlog:

- N/A

Remaining In-Progress / Planned for Future Sprints:

- **Project Poster Design and Development**
 - Visual architecture diagram
 - Summary of SIEM dashboards
 - Risk assessment highlights
 - Key results and outcomes

Notes / Feedback from Product Owners:

- Poster should emphasize visual clarity and concise technical explanations.
- Include architecture diagrams and example dashboard screenshots for impact.
- Poster development should continue with focus on readability and completeness.
