

Daily Scrum Meeting Minutes:

Attendees: Monisha Kummari, Gabriel Xirinachs, Chloe Lindsay, Maria Vega Gonzalez, Jabbar Morla

Start time: 4:30 PM

End time: 5:00 PM

Monisha Kummari:

- How many hours did I work since the last meeting?
 - 3 hours
- What was done since the last scrum meeting?
 - Identified issues and assisted the team in resolving high-impact inconsistencies.
- What is planned to be done until the next scrum meeting?
 - Assist with prioritizing and tracking remaining issues and support final verification after fixes are applied.
- What are the hurdles?
 - Ensuring that newly fixed issues do not introduce additional inconsistencies during final testing.

Gabriel Xirinachs:

- How many hours did I work since the last meeting?
 - 3 hours
- What was done since the last scrum meeting?
 - Refined testing scenarios and began optimizing API performance where possible.
- What is planned to be done until the next scrum meeting?
 - Continue performance tuning and validate API behavior under additional simulated load scenarios.
- What are the hurdles?
 - Isolating the root cause of latency issues across different testing conditions.

Maria Vega Gonzalez:

- How many hours did I work since the last meeting?
 - 3 hours
- What was done since the last scrum meeting?
 - Refined preprocessing checks and ensured stability across all input variations.
- What is planned to be done until the next scrum meeting?
 - Conduct final validation checks on preprocessing outputs and verify consistency across extended test cases.
- What are the hurdles?
 - Ensuring preprocessing adjustments do not affect previously validated model outputs.

Chloe Lindsay:

- How many hours did I work since the last meeting?
 - 3 hours
- What was done since the last scrum meeting?
 - Continued enhancing usability and validating that UI updates integrate smoothly with backend responses.
- What is planned to be done until the next scrum meeting?
 - Perform additional UI testing across different user inputs and refine usability based on observed behavior.
- What are the hurdles?
 - Balancing UI improvements while maintaining stable integration with backend responses.

Jabbar Morla:

- How many hours did I work since the last meeting?
 - 3 hours
- What was done since the last scrum meeting?
 - Continued fixing bugs and enhancing stability of API responses during edge-case testing.
- What is planned to be done until the next scrum meeting?
 - Focus in validating fixed issues through full workflow testing and assist in conforming system readiness for final submission.
- What are the hurdles?
 - Ensuring that fixes behave consistently across all integrated components during end-to-end testing.
