

Daily Scrum Meeting Minutes:

Attendees: Monisha Kummari, Gabriel Xirinachs, Chloe Lindsay, Maria Vega Gonzalez, Jabbar Morla

Start time: 4:30 PM

End time: 5:00 PM

Monisha Kummari:

- How many hours did I work since the last meeting?
 - 3 hours
- What was done since the last scrum meeting?
 - Continued validating resolved issues and reviewed fixes during broader system testing.
- What is planned to be done until the next scrum meeting?
 - Support final system-wide verification and confirm no regressions are introduced.
- What are the hurdles?
 - Monitoring for regression issues as testing coverage expands.

Gabriel Xirinachs:

- How many hours did I work since the last meeting?
 - 3 hours
- What was done since the last scrum meeting?
 - Performed additional API performance tuning and tested response behavior under varied load conditions.
- What is planned to be done until the next scrum meeting?
 - Continue optimizing response times and verify performance stability across scenarios.
- What are the hurdles?
 - Identifying causes of inconsistent latency under different test conditions.

Maria Vega Gonzalez:

- How many hours did I work since the last meeting?
 - 3 hours
- What was done since the last scrum meeting?
 - Continued preprocessing validation and compared outputs against previously verified model results.
- What is planned to be done until the next scrum meeting?
 - Finalize preprocessing validation and confirm consistency across all test cases.
- What are the hurdles?
 - Ensuring no unintended effects on model behavior from preprocessing refinements.

Chloe Lindsay:

- How many hours did I work since the last meeting?
 - 3 hours
- What was done since the last scrum meeting?
 - Finalized most UI adjustments and tested interactions between frontend and backend components.
- What is planned to be done until the next scrum meeting?
 - Perform final UI validation and confirm seamless interaction across all tested scenarios.
- What are the hurdles?
 - Maintaining smooth integration while final adjustments are applied.

Jabbar Morla:

- How many hours did I work since the last meeting?
 - 3 hours
- What was done since the last scrum meeting?
 - Continued end-to-end validation and verified stability of recent fixes across integrated components.
- What is planned to be done until the next scrum meeting?
 - Complete final system validation and confirm readiness for submission.
- What are the hurdles?
 - Ensuring consistent behavior of all components during final testing.
