

Daily Scrum Meeting Minutes:

Attendees: Monisha Kummari, Gabriel Xirinachs, Chloe Lindsay, Maria Vega Gonzalez, Jabbar Morla

Start time: 3:00 PM

End time: 3:30 PM

Monisha Kummari:

- How many hours did I work since the last meeting?
 - 3 hours
- What was done since the last scrum meeting?
 - Finalized anomaly explanation documentation and verified alignment with dashboard behavior across different user scenarios.
- What is planned to be done until the next scrum meeting?
 - Complete final review of user-facing documentation and assist with ensuring consistency between documentation and system outputs.
- What are the hurdles?
 - Making sure documentation remains clear and concise while covering all possible edge cases.

Gabriel Xirinachs:

- How many hours did I work since the last meeting?
 - 3 hours
- What was done since the last scrum meeting?
 - Completed stress testing of API endpoints under high-frequency requests and identified minor latency inconsistencies. Began documenting API behavior and edge cases.
- What is planned to be done until the next scrum meeting?
 - Optimize request handling where possible and finalize API documentation for submission.
- What are the hurdles?
 - Addressing occasional latency spikes without overcomplicating the current backend architecture.

Maria Vega Gonzalez:

- How many hours did I work since the last meeting?
 - 3 hours
- What was done since the last scrum meeting?
 - Validated input handling during full system integration and confirmed preprocessing pipeline stability across all tested scenarios.
- What is planned to be done until the next scrum meeting?

- Support final integration testing and contribute to technical documentation of preprocessing workflows.
- What are the hurdles?
 - Ensuring robustness when handling uncommon or unexpected input formats.

Chloe Lindsay:

- How many hours did I work since the last meeting?
 - 3 hours
- What was done since the last scrum meeting?
 - Finalized dashboard visualizations and ensured consistent synchronization with backend outputs during real-time updates.
- What is planned to be done until the next scrum meeting?
 - Perform final UI polish and assist in validating end-to-end user experience.
- What are the hurdles?
 - Maintaining responsiveness and clarity during rapid, repeated user interactions.

Jabbar Morla:

- How many hours did I work since the last meeting?
 - 3 hours
- What was done since the last scrum meeting?
 - Completed UI refinements and verified stable behavior of input forms and prediction displays across all test cases.
- What is planned to be done until the next scrum meeting?
 - Assist with final system validation and ensure all frontend components are ready for submission.
- What are the hurdles?
 - Ensuring final UI adjustments do not introduce unintended issues in validated workflows.
