

Daily Scrum Meeting Minutes:

Attendees: Nikolas Tsalikis, Anthony Pacheco, Lucca Pinto, Federico Marrero, Katherine Cruz

Start time: 9:00 p.m.

End time: 9:20 p.m.

Nikolas:

- How many hours did I work since the last meeting?
 - 2 hours
- What was done since the last scrum meeting?
 - Reviewed team progress across UI setup and PKI work, coordinated next steps between frontend and backend efforts, and aligned priorities based on ongoing feedback from the product owner.
- What is planned to be done until the next scrum meeting?
 - Continue overseeing early development progress, help resolve any dependency or environment setup issues, and support the team as UI and security components begin to integrate.
- What are the hurdles?
 - No major hurdles at this stage; the team is aligned and progressing smoothly.

Anthony:

- How many hours did I work since the last meeting?
 - 2 hours
- What was done since the last scrum meeting?
 - Testing/documentation of changes and other QA work.
- What is planned to be done until the next scrum meeting?
 - Implement some fixes for previously found bugs, recording the source of the error.
- What are the hurdles?
 - None

Lucca:

- How many hours did I work since the last meeting?
 - 3
- What was done since the last scrum meeting?
 - Implemented design elements onto current UI
- What is planned to be done until the next scrum meeting?
 - Program basic menu/window related functions (pop-ups, notifications, error messages)
- What are the hurdles?

- None currently

Federico:

- How many hours did I work since the last meeting?
 - 2
- What was done since the last scrum meeting?
 - Continued development of PKI and root certificate authorities.
- What is planned to be done until the next scrum meeting?
 - Create users on the VPN server and maintain best practices by creating a SSH key authentication instead of using password authentication when connecting from a local computer.
- What are the hurdles?
 - None

Katherine:

- How many hours did I work since the last meeting?
 - 3 hours
- What was done since the last scrum meeting?
 - Reviewed previously designed UI and evaluated if changes need to be made to have a more intuitive and efficient design. Tested the functionality of all components.
- What is planned to be done until the next scrum meeting?
 - Compiled the results of the functionality test ran to evaluate what needs to be changed from the backend.
- What are the hurdles?
 - Time management
