

Daily Scrum Meeting Minutes:

Attendees: Nikolas Tsalikis, Anthony Pacheco, Lucca Pinto, Federico Marrero, Katherine Cruz

Start time: 9:00 p.m.

End time: 9:20 p.m.

Nikolas:

- How many hours did I work since the last meeting?
 - 2 hours
- What was done since the last scrum meeting?
 - Reviewed the latest integration results across UI, backend, and security components, validated Diffie-Hellman and PKI configurations, and coordinated final tuning based on QA findings and functionality test results.
- What is planned to be done until the next scrum meeting?
 - Oversee final stabilization of integrated components, assist with resolving any remaining backend or security-related issues, and help prepare the system for a formal integration and configuration review.
- What are the hurdles?
 - Only minor coordination challenges as final refinements are made, but overall progress remains steady with no blocking issues.

Anthony:

- How many hours did I work since the last meeting?
 - 2 hours
- What was done since the last scrum meeting?
 - Implement big fixes and taking note of the source of these bugs
- What is planned to be done until the next scrum meeting?
 - Continue looking over bugs and fixing the source of these bugs.
- What are the hurdles?
 - None

Lucca:

- How many hours did I work since the last meeting?
 - 3
- What was done since the last scrum meeting?
 - Consulted with the Product Owner about integration. Worked on the UI design, focusing on sub-windows.
- What is planned to be done until the next scrum meeting?
 - Continue assessing the efficiency of the UI design, with a focus on smaller sub-windows.
- What are the hurdles?

- None

Federico:

- How many hours did I work since the last meeting?
 - 2
- What was done since the last scrum meeting?
 - Continued to generate the Diffie-Hellman parameters with openssl for a secure key exchange and determine the amount of bits that should be used (2048, 3072, or 4096).
- What is planned to be done until the next scrum meeting?
 - Implement a verbosity level of 3 into the VPN's logs which is considered a good level for readability while it still gathers useful messages for key output such as fatal errors.
- What are the hurdles?
 - None

Katherine:

- How many hours did I work since the last meeting?
 - 3 hours
- What was done since the last scrum meeting?
 - Compiled the results of the functionality test ran to evaluate what needs to be changed from the backend. Began fixing the minor bugs found from the functionality test run.
- What is planned to be done until the next scrum meeting?
 - Continue to fix minor bugs found from the functionality test run. Review what other features need to be tested.
- What are the hurdles?
 - None
