

Daily Scrum Meeting Minutes:

Attendees: Lauren Stone (#6235603), Daniel Gonzalez (#6285324), Juan de Dios Nunez (#6497675), Nicholas Brotherhood (#6352749), Daniel Bencomo (#6286672)

Start time: 8:45 P.M.

End time: 9:00 P.M.

Lauren Stone:

- How many hours did I work since the last meeting?
 - 2 hours
- What was done since the last scrum meeting?
 - Continued working on Figma with Daniel G. on designs for the sign up page and report page. Finalizing designs.
- What is planned to be done until the next scrum meeting?
 - Have more information from backend about API so we know what type of reports and designs to make.
- What are the hurdles?
 - No hurdles at this time

Daniel Gonzalez:

- How many hours did I work since the last meeting?
 - 2 hours
- What was done since the last scrum meeting?
 - Continued working on Figma designs
- What is planned to be done until the next scrum meeting?
 - Continuing with Figma designs and setting up repository settings to prevent merges into the main branch without PRs.
- What are the hurdles?
 - No hurdles at the moment

Juan de Dios Nunez :

- How many hours did I work since the last meeting?
 - 2 hours
- What was done since the last scrum meeting?
 - Had a meeting with the group to discuss Spotify alternatives
- What is planned to be done until the next scrum meeting?
 - Research API alternatives or decide to work around current spotify API hurdles.
- What are the hurdles?
 - Spotify API is under maintenance therefore either look for alternatives or come up with a solution.

Nicholas Brotherhood:

- How many hours did I work since the last meeting?
 - 2 Hours
- What was done since the last scrum meeting?
 - Worked on pulling users' recent most listened to songs and artists data.
- What is planned to be done until the next scrum meeting?
 - Keep working on pulling user's most recent data from Spotify and deciding what info users would actually use or be interested in.
- What are the hurdles?
 - Spotify API has limited data available for users restricted to only certain time periods instead of lifetime.

Daniel Bencomo:

- How many hours did I work since the last meeting?
 - 2 hours
- What was done since the last scrum meeting?
 - I did more progress on the authentication functionality with using a mock server side and im now making the part of the server that will report to the frontend after authenticated
- What is planned to be done until the next scrum meeting?
 - To be able to use real client id to authenticate the user client
- What are the hurdles?
 - Spotify does not offer developers client id anymore so im currently only able to make a mock
