Daniel Gonzalez:

- How many hours did I work since the last meeting?
 - 2 hours
- What was done since the last scrum meeting?
 - Continued working on Figma designs
- What is planned to be done until the next scrum meeting?
 - Setting up repository settings to prevent merges into the main branch without PRs, and confirming the specific user data that the UI will be receiving from the API side.
- What are the hurdles?
 - No huddle, but confirmation on API data is needed to confirm planning.

Juan de Dios Nunez :

- How many hours did I work since the last meeting?
 - 2 hours
- What was done since the last scrum meeting?
 - Researched about Spotify API alternatives
- What is planned to be done until the next scrum meeting?
 - Decide what will replace Spotify API
- What are the hurdles?
 - Due to Spotify API deprecation, we won't be able to use its API, causing us to find alternatives.

Nicholas Brotherhood:

- How many hours did I work since the last meeting?
 - 2 Hours
- What was done since the last scrum meeting?
 - Finished being able to pull users' recent data for most listened to songs and artists.
- What is planned to be done until the next scrum meeting?
 - Narrow down exactly which metrics we want to use from the track data like danceability or liveness.
- What are the hurdles?
 - Spotify API's deprecation necessitates us to use less accessible alternatives and sort through data that was previously more clear.

Daniel Bencomo:

- How many hours did I work since the last meeting?
 - 2 hours
- What was done since the last scrum meeting?
 - I started the process to move the authentication process from the spotify api we were using now to apple music
- What is planned to be done until the next scrum meeting?
 - To finalize the authentication process for the Apple Music api we are now using
- What are the hurdles?
 - Adapting to Apple musics Api
