

Sprint Planning Meeting Minutes:

Attendees: Lauren Stone (#6235603), Daniel Gonzalez (#6285324), Juan de Dios Nunez (#6497675), Nicholas Brotherhood (#6352749), Daniel Bencomo (#6286672)

Start time: 10:30 PM

End time: 11:00 PM

After discussion, the velocity of the team was estimated to be 5-7 user stories for this sprint.

The product owner chose the following user stories to be done during the next sprint. They are ordered based on their priority.

- **User Story 1:** As a user, I want to view a short textual explanation of my AudioAura (including what my colors and traits mean) so that I can easily understand how my listening data was interpreted.
- **User Story 2:** As a user, I want to access the music report page by loading smoothly with a clear loading state so that I know my data is being processed and the application feels responsive.
- **User Story 3:** As a user, I want to see images of my top artists and tracks
- **User Story 4:** As a user, I would like to view my top songs from different ranges of time, 4 weeks, 6 months and 1 year.
- **User Story 5:** As a user, I would like to see a summary of my top songs/artists.

The team members indicated their willingness to work on the following user stories.

- Lauren Stone
 - User Story: 1
