

Daily Scrum Meeting (Day 5)

Attendees:

Brian Cardona, Edima Nyong, Enrique Rodriguez, Matias Casal, Matthew Privat

Start time: 7:45 PM

End time: 8:00 PM

Brian Cardona

How many hours did I work since the last meeting?

- 2 hours

What was done since the last scrum meeting?

- Reviewed integration points between OCR, ingredient analysis, and UI components

What is planned to be done until the next scrum meeting?

- Begin writing basic tests and assist with module integration

What are the hurdles?

- None

Edima Nyong

How many hours did I work since the last meeting?

- 2 hours

What was done since the last scrum meeting?

- Designed logic for parsing nutrition data and identifying concerning ingredients

What is planned to be done until the next scrum meeting?

- Implement ingredient flagging and dietary restriction checks

What are the hurdles?

- None

Enrique Rodriguez

How many hours did I work since the last meeting?

- 2 hours

What was done since the last scrum meeting?

- Designed BMI calculation logic and outlined scan history storage approach

What is planned to be done until the next scrum meeting?

- Implement BMI calculator and local storage for scan history

What are the hurdles?

- None

Matias Casal

How many hours did I work since the last meeting?

- 2 hours

What was done since the last scrum meeting?

- Built initial image upload flow and began integrating Tesseract.js for label scanning

What is planned to be done until the next scrum meeting?

- Improve OCR scanning accuracy and handle image preprocessing

What are the hurdles?

- None

Matthew Privat

How many hours did I work since the last meeting?

- 2 hours

What was done since the last scrum meeting?

- Designed UI layout, navigation flow, and dietary filter toggles

What is planned to be done until the next scrum meeting?

- Implement navigation between screens and apply overall styling

What are the hurdles?

- None
