

Daily Standup Meeting Minutes

Attendees: Aykhan Pashayev, Charlie Iglesias, Cheng Zhang, Alex Linghay Eng, Nicolas Su Nobrega

Start Time: 7:30 PM EST

End Time: 8:00 PM EST

Aykhan Pashayev:

- How many hours did I work since the last meeting?
 - I worked for 2 hours.
- What was done since the last scrum meeting?
 - Ingestion automated, from now on when cloudtrail logs get uploaded to s3 bucket, it triggers lambda function to parse the logs and save normalized to dynamodb tables.
- What is planned to be done until the next scrum meeting?
 - I'll read other team members researches.
- What are the hurdles?
 - No hurdles so far.

Charlie Iglesias:

- How many hours did I work since the last meeting?
 - I worked for 2 hours since the last meeting
- What was done since the last scrum meeting?
 - I researched more about CloudTrail logs
- What is planned to be done until the next scrum meeting?
 - Continue researching CloudTrail logs and how to improve the script
- What are the hurdles?
 - No hurdles

Cheng Zhang:

- How many hours did I work since the last meeting?

- I worked 2 hour.
- What was done since the last scrum meeting?
 - Expanded yesterday's work on feature explainability and taxonomy by completing a full detection logic specification for all IAM anomaly features. Validated the detection logic using the normalized CloudTrail events produced by the parse script, confirming support for reconnaissance-related features such as ExcessiveListingActivity, APICallSpike, and CloudTrailReconActivity.
- What is planned to be done until the next scrum meeting?
 - Begin organizing detection logic into a structured integration guide for downstream components (AI API, UI). Start drafting feature-to-database mapping and prepare the next phase of anomaly signal extraction.
- What are the hurdles?
 - No hurdles at this time.

Alex Linghay Eng:

- How many hours did I work since the last meeting?
 - 2 hours
- What was done since the last scrum meeting?
 - I did my best but my mind was somewhere else today
- What is planned to be done until the next scrum meeting?
 - Try again to figure out what any of this means
- What are the hurdles?
 - I still don't know how to read it's results

Nicolas Su Nobrega:

- How many hours did I work since the last meeting?
 - 2 hours
- What was done since the last scrum meeting?
 - I tested anomaly features under different volumes and time
- What is planned to be done until the next scrum meeting?
 - I will continue to reduce false positives
- What are the hurdles?
 - No hurdles
