

Daily Standup Meeting Minutes

Attendees: Aykhan Pashayev, Charlie Iglesias, Cheng Zhang, Alex Linghay Eng, Nicolas Su Nobrega

Start Time: 7:30 PM EST

End Time: 8:00 PM EST

Aykhan Pashayev:

- How many hours did I work since the last meeting?
 - I worked for 2 hours.
- What was done since the last scrum meeting?
 - Ingestion automated, from now on when cloudtrail logs get uploaded to s3 bucket, it triggers lambda function to parse the logs and save normalized to dynamodb tables.
- What is planned to be done until the next scrum meeting?
 - I'll read other team members researches.
- What are the hurdles?
 - No hurdles so far.

Charlie Iglesias:

- How many hours did I work since the last meeting?
 - I worked for 2 hours since the last meeting
- What was done since the last scrum meeting?
 - I continued my research and identified which events include session context
- What is planned to be done until the next scrum meeting?
 - Continue research and identify which events include missing identity attributes.
- What are the hurdles?
 - No hurdles

Cheng Zhang:

- How many hours did I work since the last meeting?
 - I worked 2 hour.
- What was done since the last scrum meeting?
 - Extended the feature-to-database mapping by designing the AI API integration specification. Defined the input schema, output schema, trigger conditions, and scoring methodology for each anomaly feature. Established how explainability templates will be dynamically populated by the API.
- What is planned to be done until the next scrum meeting?
 - Begin drafting and integrate scoring logic for all features. Continue validating the specification using sample normalized events.
- What are the hurdles?
 - No hurdles at this time.

Alex Linghay Eng:

- How many hours did I work since the last meeting?
 - 2 hours
- What was done since the last scrum meeting?
 - I did my best but my mind was somewhere else today too
- What is planned to be done until the next scrum meeting?
 - Try again later to figure out what any of this means
- What are the hurdles?
 - I still don't know how to read these results

Nicolas Su Nobrega:

- How many hours did I work since the last meeting?
 - 2 hours
- What was done since the last scrum meeting?
 - I ensured that the anomaly features remain consistent throughout the different role types
- What is planned to be done until the next scrum meeting?
 - I will continue to detect anomaly sensitivity
- What are the hurdles?
 - No hurdles
