

Daily Standup Meeting Minutes

Attendees: Aykhan Pashayev, Charlie Iglesias, Cheng Zhang, Alex Linghay Eng, Nicolas Su Nobrega

Start Time: 7:30 PM EST

End Time: 8:00 PM EST

Aykhan Pashayev:

- How many hours did I work since the last meeting?
 - I worked for 2 hours.
- What was done since the last scrum meeting?
 - Test user named anomai-test-actor and activity creator script created. This will make unusual api calls and will allow us to develop our anomalies logic.
- What is planned to be done until the next scrum meeting?
 - I'll test the script and the results of it.
- What are the hurdles?
 - No hurdles so far.

Charlie Iglesias:

- How many hours did I work since the last meeting?
 - I worked for 3 hours since the last meeting
- What was done since the last scrum meeting?
 - I began preparing the data for detection and AI by researching how to create the script
- What is planned to be done until the next scrum meeting?
 - I will continue to prepare the data for detection & AI
- What are the hurdles?
 - No hurdles

Cheng Zhang:

- How many hours did I work since the last meeting?

- I worked 2 hour.
- What was done since the last scrum meeting?
 - Continued the AI model research by moving from model comparison into embedding design. Defined the initial set of behavioral features that will be used to generate actor embeddings, including API type distribution, timing patterns, recon/write ratios, and activity intensity. Started drafting how these embeddings will integrate with the scoring pipeline.
- What is planned to be done until the next scrum meeting?
 - Finalize the embedding dimensions, document the vectorization process, and begin drafting the model input/output schema. Next step is to test the embedding approach using sample normalized events.
- What are the hurdles?
 - No hurdles at this time.

Alex Linghay Eng:

- How many hours did I work since the last meeting?
 - 2 hours
- What was done since the last scrum meeting?
 - Scrapped that for later and did a bunch of mockups for what it might look like
- What is planned to be done until the next scrum meeting?
 - Ask around for what people think is missing
- What are the hurdles?
 - I'm afraid it looks ugly

Nicolas Su Nobrega:

- How many hours did I work since the last meeting?
 - 2 hours
- What was done since the last scrum meeting?
 - I analyzed CloudTrail event fields
- What is planned to be done until the next scrum meeting?
 - I will begin structuring sample datasets
- What are the hurdles?
 - No hurdles
