

Daily Standup Meeting Minutes

Attendees: Aykhan Pashayev, Charlie Iglesias, Cheng Zhang, Alex Linghay Eng, Nicolas Su Nobrega

Start Time: 7:30 PM EST

End Time: 8:00 PM EST

Aykhan Pashayev:

- How many hours did I work since the last meeting?
 - I worked for 3 hours.
- What was done since the last scrum meeting?
 - Script that read the normalized logs from the DynamoDB table and find incidents are completed and working.
- What is planned to be done until the next scrum meeting?
 - I'll create another script that takes results from out.json and put them in better readable schema created by Cheng.
 - No hurdles.

Charlie Iglesias:

- How many hours did I work since the last meeting?
 - I worked for 3 hours since the last meeting
- What was done since the last scrum meeting?
 - I finished listing out the behavioral features that will be used
- What is planned to be done until the next scrum meeting?
 - I will look into building a feature extraction script
- What are the hurdles?
 - None

Cheng Zhang:

- How many hours did I work since the last meeting?
 - I worked 3 hours.

- What was done since the last scrum meeting?
 - Completed the low-fidelity wireframes for both the incident list and incident detail pages.
 - Started building the mid-fidelity wireframes, refining layout, spacing, and component structure.
- What is planned to be done until the next scrum meeting?
 - Finish the mid-fidelity wireframes for both pages.
 - Prepare UI handoff notes that map each incident field to its corresponding UI component and placement.
- What are the hurdles?
 - No hurdles at this time.

Alex Linghay Eng:

- How many hours did I work since the last meeting?
 - 3 hours
- What was done since the last scrum meeting?
 - Found some test subjects
- What is planned to be done until the next scrum meeting?
 - Scheduling with test subjects
- What are the hurdles?
 - Scheduling...

Nicolas Su Nobrega:

- How many hours did I work since the last meeting?
 - 1 hour
- What was done since the last scrum meeting?
 - I reviewed how real event and incident data should be structured for visual display
- What is planned to be done until the next scrum meeting?
 - I will begin mapping API incidents fields to UI components
- What are the hurdles?
 - No hurdles
