

Daily Standup Meeting Minutes

Attendees: Aykhan Pashayev, Charlie Iglesias, Cheng Zhang, Alex Linghay Eng, Nicolas Su Nobrega

Start Time: 7:30 PM EST

End Time: 8:00 PM EST

Aykhan Pashayev:

- How many hours did I work since the last meeting?
 - I worked for 3 hours.
- What was done since the last scrum meeting?
 - Detection script improved, another script added for converting the output.json to more UI friendly json format, using Flask API created so UI will be directly pulling data from the API.
- What is planned to be done until the next scrum meeting?
 - I'll plan out the next steps for the projects.
- What are the hurdles?
 - No hurdles.

Charlie Iglesias:

- How many hours did I work since the last meeting?
 - I worked for 3 hours since the last meeting
- What was done since the last scrum meeting?
 - I researched of how to flattening JSON logs
- What is planned to be done until the next scrum meeting?
 - I will continue to look into flattening JSON logs
- What are the hurdles?
 - None

Cheng Zhang:

- How many hours did I work since the last meeting?

- I worked 3 hours.
- What was done since the last scrum meeting?
 - Validated the simple MVP explanation logic across different detection outputs to ensure consistency.
 - Started organizing a lightweight document describing the incident fields, scoring, and explanation structure.
- What is planned to be done until the next scrum meeting?
 - Complete the MVP documentation so the incident schema, scoring, and explanation logic are clearly defined for the team.
- What are the hurdles?
 - No hurdles at this time.

Alex Linghay Eng:

- How many hours did I work since the last meeting?
 - 3 hours
- What was done since the last scrum meeting?
 - Start building the ui
- What is planned to be done until the next scrum meeting?
 - Relearning python
- What are the hurdles?
 - I have only used python in a machine learning context so I don't actually know how to do anything else in it

Nicolas Su Nobrega:

- How many hours did I work since the last meeting?
 - 1 hour
- What was done since the last scrum meeting?
 - I tested the UI with edge case incident data
- What is planned to be done until the next scrum meeting?
 - I will refine the error handling and improve fallback displays
- What are the hurdles?
 - No hurdles
