

## Daily Scrum Meeting Minutes:

11/04/2025

Attendees: Diego Hernandez, Bosco Silva, Gunther Alonso, Didier Campos, Timothy Rocha

**Start time: 8:30 PM**

**End time: 9:30 PM**

Diego Hernandez:

- How many hours did I work since the last meeting?
  - 3 hour
- What was done since the last scrum meeting?
  - Began restructuring the code to focus more on the topic analysis aspect rather than the sentiment analysis.
  - Looked for a way to accurately incorporate machine learning models into the code.
- What is planned to be done until the next scrum meeting?
  - restructuring the code to focus more on the topic analysis aspect rather than the sentiment analysis.
  - Continue Looking for a way to accurately incorporate machine learning models into the code.
- What are the hurdles?
  - Find a suitable model that is efficient and affordable.

Didier Campos:

- How many hours did I work since the last meeting?
  - 3 hours
- What was done since the last scrum meeting?
  - Working on improving code for most common topics graph.
- What is planned to be done until the next scrum meeting?
  - Continue to work on it.
- What are the hurdles?
  - none

Gunther Alonso:

- How many hours did I work since the last meeting?

- 3 hours
- What was done since the last scrum meeting?
  - Discussed with product owner model performance and product direction
  - Reevaluated priorities and formulated new strategies with the team on reworking the current code to improve on the topic analysis aspect
- What is planned to be done until the next scrum meeting?
  - Restructure the code to implement more sophisticated topic analysis
- What are the hurdles?
  - Having to discard most of past code and find a new affordable model that better specializes in topic analysis

Bosco Silva:

- How many hours did I work since the last meeting?
  - 3 hours
- What was done since the last scrum meeting?
  - Met with our Product Owner, and after discussion, began rewriting our code to prioritize more accurate theme/topic analysis.
  - Began looking into more ways we can more prominently involve AI in our project.
- What is planned to be done until the next scrum meeting?
  - Continue rewriting our code and add/change certain aspects based on our product manager's requirements.
  - Implement new methods that more prominently make use of AI.
- What are the hurdles?
  - We have to heavily restructure our code and switch priorities so that will prove to be a decent setback.

Timothy Rocha:

- How many hours did I work since the last meeting?
  - 3 hours
- What was done since the last scrum meeting?
  - Working on code for comments review summary feature
- What is planned to be done until the next scrum meeting?
  - Continue coding review summary feature
- What are the hurdles
  - Finding a suitable AI for the task that is able to format correctly as well as deliver substantive summarized results.
