

Daily Scrum Meeting Minutes:

09/08/2025

Attendees: Diego Hernandez, Bosco Silva, Gunther Alonso, Didier Campos, Timothy Rocha

Start time: 9:00 PM

End time: 9:40 PM

Diego Hernandez:

- How many hours did I work since the last meeting?
 - 2 hour
- What was done since the last scrum meeting?
 - Continue processing the given comments into one language for consistency.
 - Continue looking for machine learning models that can separate topics for this project.
- What is planned to be done until the next scrum meeting?
 - Continue to properly process the data
 - Continue looking for machine learning models that can separate topics for this project.
 - Learning new Python skills.
- What are the hurdles?
 - Finding the appropriate models to use.

Didier Campos:

- How many hours did I work since the last meeting?
 - 2 hours
- What was done since the last scrum meeting?
 - Continued translating patient comments for clear communication
 - Continuing research on machine learning models.
- What is planned to be done until the next scrum meeting?
 - Try finishing the data cleaning by this week.
- What are the hurdles?
 - none

Gunther Alonso:

- How many hours did I work since the last meeting?

- 2 hours
- What was done since the last scrum meeting?
 - Continued research into machine learning models
- What is planned to be done until the next scrum meeting?
 - Application of machine learning models
- What are the hurdles?
 - Coordination on what machine learning models to use and how to divide/structure the work

Bosco Silva:

- How many hours did I work since the last meeting?
 - 2 hours
- What was done since the last scrum meeting?
 - Continued properly processing the given patient comments into one single language.
 - Continued researching and discussing what machine learning model we intend to use for this project.
- What is planned to be done until the next scrum meeting?
 - Continue to process more comments into one language, for consistency, and ease of use.
 - Become more familiar with certain Python commands, skills, and other relevant tools that will aid in the completion of this project.
- What are the hurdles?
 - We are still looking for the most appropriate machine learning model to use.

Timothy Rocha:

- How many hours did I work since the last meeting?
 - 2 hours
- What was done since the last scrum meeting?
 - Look into Llama AI open source model
- What is planned to be done until the next scrum meeting?
 - Decide on AI model to train and learn new tools

What are the hurdles

- Learning new things and understanding AI model types.
