

Daily Scrum Meeting Minutes:

09/09/2025

Attendees: Diego Hernandez, Bosco Silva, Gunther Alonso, Didier Campos, Timothy Rocha

Start time: 8:00 PM

End time: 8:40 PM

Diego Hernandez:

- How many hours did I work since the last meeting?
 - 2 hour
- What was done since the last scrum meeting?
 - Continue processing the given comments into one language for consistency.
 - Continue looking for machine learning models that can separate topics for this project.
 - Practice new Python skills for the project.
- What is planned to be done until the next scrum meeting?
 - Continue to properly process the data
 - Continue looking for machine learning models that can separate topics for this project.
 - Learning new Python skills.
- What are the hurdles?
 - Finding the appropriate models to use.

Didier Campos:

- How many hours did I work since the last meeting?
 - 2 hours
- What was done since the last scrum meeting?
 - Continued to process the comments
 - Learned about different machine learning models such as supervised and supervised learning
- What is planned to be done until the next scrum meeting?
 - Continue to learn on what to use
 - Continue to process comments
- What are the hurdles?
 - none

Gunther Alonso:

- How many hours did I work since the last meeting?
 - 2 hours
- What was done since the last scrum meeting?
 - Research into transformers and APIs
- What is planned to be done until the next scrum meeting?
 - Continued research and application of models
- What are the hurdles?
 - Structuring the work

Bosco Silva:

- How many hours did I work since the last meeting?
 - 2 hours
- What was done since the last scrum meeting?
 - Learned some more useful tools and techniques in Python that will be useful for our Project.
 - Processed more patient comments into one language.
- What is planned to be done until the next scrum meeting?
 - Continue looking into different machine learning models in an effort to decide which one would suit our project best.
 - Become familiar with even more Python skills and tools, so that the project will be easier and smoother to program.
- What are the hurdles?
 - We are still deciding on which machine learning model we want to use. We have not decided yet.

Timothy Rocha:

- How many hours did I work since the last meeting?
 - 2 hours
- What was done since the last scrum meeting?
 - Research RAG and Vector databases for AI
- What is planned to be done until the next scrum meeting?
 - Continue researching Llama and other potential AI models to use for the project.

What are the hurdles

- Still researching to decide which model to use.
