

Daily Scrum Meeting Minutes: 60 minutes

Day 12:

Cybersecurity: Profiling Ransomware Attacks via Web Crawling and Textual Analysis

Date: 09/17/25

Attendees:

- Elvis Nakamura,
- Pedro Loor,
- Kevin Montenegro,
- Luis Salgado,
- Jordan Arteaga

Start time: 4:30 pm

End time: 7:30 pm

Elvis Nakamura

- **What have you done since the last scrum meeting?**
 - I have looked at the pdfs sent by the product owner.
 - I have read one of the PDF.
 - Summarized the readings and taken notes.
- **What is planned to be done until the next scrum meeting?**
 - Keep reading the pdfs to research the topic we are doing our project on.
 - Research more on this topic and web crawlers
 - Schedule a meet with the product owner.
- **What are the hurdles?**
 - Busy schedules and finding an adequate time to meet.

Jordan Arteaga

- **What have you done since the last scrum meeting?**
 - Reading papers given by project owner
 - Studying up on web crawlers
 - Learning about ransomware
- **What is planned to be done until the next scrum meeting?**

- Read all provided information
 - Waiting for meeting with project lead
 - Finding a way to store relevant data
 - Learning about web crawlers
- **What are the hurdles?**
 - Scheduling

Pedro Loo

- **What have you done since the last scrum meeting?**
 - I've continued to do research.
- **What is planned to be done until the next scrum meeting?**

To continue to do more deep research on how we are going to gather information on ransomware attacks.

- **What are the hurdles?**
 - Trying to make time to meet with everyone

Kevin Montenegro

- **What have you done since the last scrum meeting?**

- Researching through the documents sent by the product owner double checking that the project is fine
- What is planned to be done until the next scrum meeting?
 - A plan to execute this project in due time in the future
- What are the hurdles?
 - Very minimal time between full time school and work makes the project more difficult especially with other classes

Luis Salgado

- What have you done since the last scrum meeting?
 - Read some of the pdf that the project owner sent us.
 - doing some research of WebCrawler's
 - Collecting some data.
- What is planned to be done until the next scrum meeting?
 - Keep doing research from the pdfs
 - Plan a meeting with the project owner
- What are the hurdles?
 - The schedule we have at the moment
