

Daily Scrum Meeting Minutes: 60 minutes

Day 22:

Cybersecurity: Profiling Ransomware Attacks via Web Crawling and Textual Analysis

Date: 09/29/25

Attendees:

- Elvis Nakamura,
- Pedro Loor,
- Kevin Montenegro,
- Luis Salgado,
- Jordan Arteaga

Start time: 4:30 pm

End time: 7:30 pm

Elvis Nakamura

- **What have you done since the last scrum meeting?**
We assigned roles to our team members.
- **What is planned to be done until the next scrum meeting?**
 - Research more on this topic and web crawlers
 - Schedule another meeting with the product owner.
 - Advance to the next phase of our project
- **What are the hurdles?**
 - Busy schedules and finding an adequate time to meet.
 - Finding accurate sources to research web crawlers

Jordan Arteaga

- **What have you done since the last scrum meeting?**
 - Reading papers given by project owner
 - Studying up on web crawlers
 - Learning about ransomware
- **What is planned to be done until the next scrum meeting?**

- Read all provided information
 - Waiting for meeting with project lead
 - Finding a way to store relevant data
 - Learning about web crawlers
 - Meeting with my brother to discuss the assignment
-
- **What are the hurdles?**
 - Scheduling

Pedro Loor

- **What have you done since the last scrum meeting?**
 - Researched processing methods.
- **What is planned to be done until the next scrum meeting?**
 - Draft an outline of cleaning steps.
- **What are the hurdles?**
 - Trying to make time to meet with everyone.
 - Understanding data variety.

Kevin Montenegro

- **What have you done since the last scrum meeting?**
 - Researching through the documents sent by the product owner double checking that the project is fine to go through with
- **What is planned to be done until the next scrum meeting?**
 - A plan to execute this project in due time in the future and to meet with the product owner
- **What are the hurdles?**
 - Very minimal time between full time school and work makes the project more difficult especially with other classes

Luis Salgado

- **What have you done since the last scrum meeting?**
 - Doing some of the task that we set up
 - doing some research of WebCrawler's
 - We have set up a meeting with the project owner
- **What is planned to be done until the next scrum meeting?**
 - Keep doing research from the pdfs
