

HandyMan On-Demand: Project Documentation

1. Project Overview

Product: HandyMan On-Demand Mobile App & Dashboard

Goal: To create a two-sided platform that connects customers with local handymen. The platform facilitates efficient service requests for plumbing, electrical work, and general repairs, focusing initially on the Miami market.

Core Components:

- **Customer-Facing Mobile App:** An intuitive mobile application where users can browse profiles, view ratings, and schedule appointments.
- **Handyman-Facing Web Dashboard:** A web-based tool for handymen to manage service requests, update availability, and track earnings.

2. Technical Stack

Backend

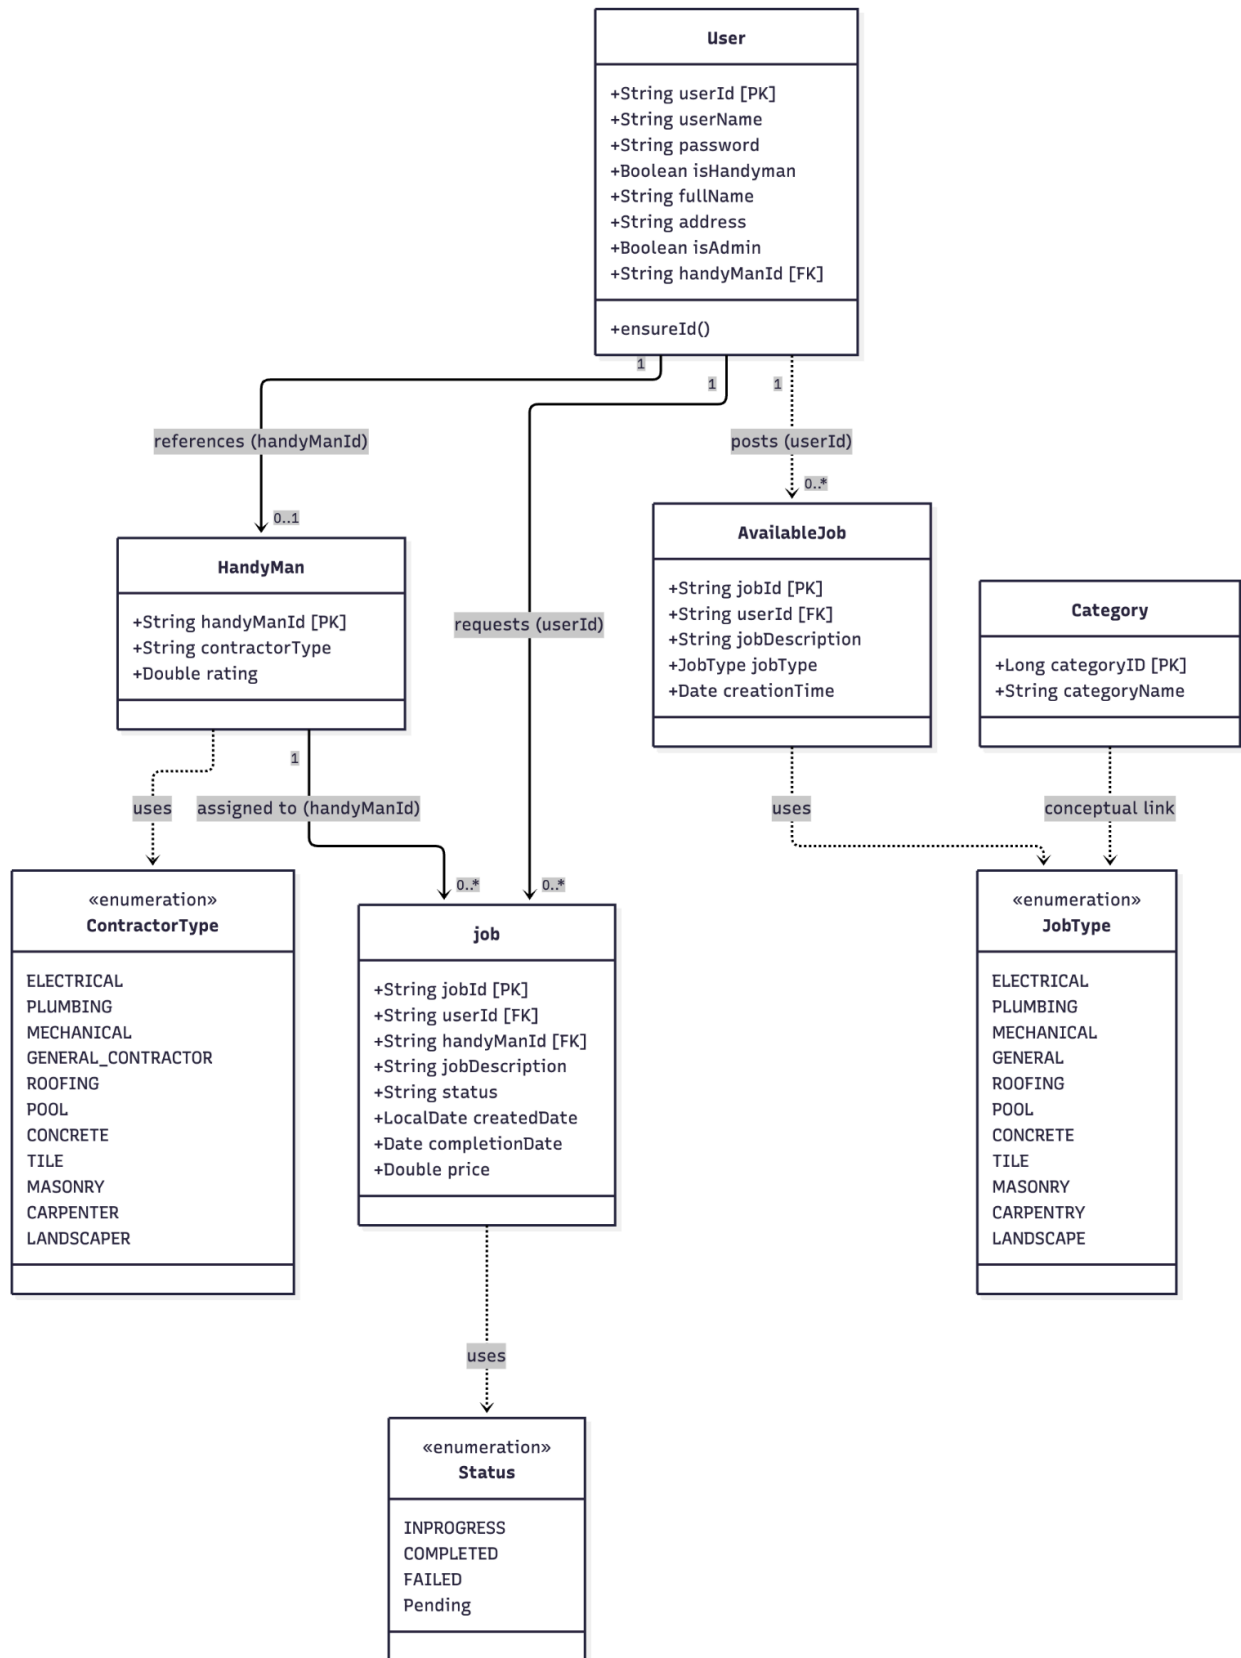

- **Language:** Kotlin
- **Framework:** Spring Boot (Web, Data JPA)
- **Database:** PostgreSQL
- **ORM:** Hibernate (Jakarta Persistence)
- **Build Tool:** Gradle (inferred)

Frontend

- **Mobile App:** React Native
- **Web Dashboard:** React.js
- **Language:** JavaScript/TypeScript

3. System Architecture & Object Model

The following diagram illustrates the core data structures and their relationships within the backend system.

4. API Documentation

User & Authentication Endpoints

Method	Endpoint	Description	Request Body
POST ▾	/api/register	Register a new user (Customer or Handyman)	RegisterRequest ▾
POST ▾	/api/login	Authenticate a user	LoginRequest ▾
GET ▾	/api/{id}	Get specific user details	N/A ▾
GET ▾	/api/	Get list of all users	N/A ▾

Dashboard & Job Management

Method	Endpoint	Description	Request Body
GET ▾	/api/{userId}/home	Main dashboard data (Jobs, Available tasks)	N/A ▾
GET ▾	/api/{userId}/home/availableJobs	Get jobs matching a Handyman's type	N/A ▾
POST ▾	/api/{userId}/home/newJob	Create a new service request	JobRequest ▾
GET ▾	/api/{userId}/home/jobs	Get job history (To Do)	N/A ▾
GET ▾	/api/{userId}/home/jobsInProgress	Get active jobs (To Do)	N/A ▾

Category Management (Admin)

Method	Endpoint	Description	Request Body
GET	<code>api/public/categories</code>	Public list of all job categories	N/A ▾
POST	<code>/api/admin/categories</code>	Create a new category	<code>categoryRequ...</code> ▾
PUT	<code>/api/admin/categories/{oldName}</code>	Update an existing category	<code>Category</code> ▾
DELETE	<code>/api/admin/categories/{category}</code>	Delete a category	N/A ▾

5. Team Roles & Responsibilities

Name	Role	Responsibilities
Pedro Villegas	Product Owner / LEAD Developer	Product vision, backlog management, API development, DB Schema, Security.
Juansimon	Scrum Master / Frontend Developer	Scrum ceremonies, UI/UX implementation, API Integration, State Management.
Jeremiah Egbodo	Frontend Developer	Database management, Business logic implementation.
Alexandra Cozar	Frontend Developer	Mobile App UI, Quality Assurance.
Zubayer Ahmed Sadid	System Architect	Database Administration, System Architecture.

6. MVP Scope & Features

Included Features (MVP)

1. Handyman Dashboard (Web):
 - Registration/Login.
 - View list of new service requests.
 - Accept/Decline jobs.
2. Customer App (Mobile):
 - Service Request Form (Description + Location).
 - Confirmation screens.
 - Basic profile browsing.

Future Roadmap (Exclusions)

- Payment Processing: Currently handled offline.
- Ratings/Reviews: To be added in Phase 2.
- Real-time Chat: Communication is currently via phone/email provided in job details.
- Advanced Filtering: Detailed search filters.
- Advanced algorithms to assign contractors to jobs.

7. Setup & Installation

Prerequisites

- IntelliJIdea (IDE, easy run)
- Java JDK 17+
- SpringBoot
- PostgreSQL (Running on port 5432)
- Node.js & npm (For Frontend)
- Python (frontend Server)

Run Application

1. Clone the repository.
2. Configure **application.properties** with your local PostgreSQL credentials.
3. Open application in IntelliJIdea
4. Make sure Python is installed in the PATH variable, or you know how to use python environments.
5. Navigate to the SprinBoot/SpringBootHandyMenNow/src/main/resources/static Folder in your terminal.
6. In the static folder type, # Python 3 python -m http.server 5500 and press enter on keyboard. This launches the frontend server.
7. 7. Once the frontend server is running, go to IntelliJIDEA.
8. In IntelliJIDEA open the file,
SprinBoot/SpringBootHandyMenNow/build.gradle.kts

Once opened, in the right hand of the screen there will be a little button with an Elephant icon. Labeled Gradle.

9. Click on the gradle icon, a little window should showup. In that little window, at the top left, there is a sync button, it looks like two arrows pointing in the direction of a circle. Click that button.
10. Next in IntelliJ IDEA as well, open the file,
SprinBoot/SpringBootHandyMenNow/src/main/kotlin/com/HandyMenNow/[SpringBootHandyMenNowApplication.kt](#).
11. From there run that file, either click the green triangle in the top right of the IDE, or on the keyboard press "ctrl + R".
12. Open any browser. Once the frontend and backend are both running, type <http://localhost:5500/register.html> in the URL bar.
13. Begin using the application.
14. (OPTIONAL)
In the URL bar type <http://localhost:8080/h2-console>
15. Once it loads, leave everything the same except for two text boxes
16. In JDBC URL:
Enter:
`Jdbc:h2:mem:handymendatabase1234`
17. Then in
User Name:
`sa (lowercase)`
18. Click on connect then.
19. It will show the database in its GUI form.

8. Daily Scrum Meetings

9/2/2025

Daily Scrum Meeting Minutes:

Attendees: Pedro Villegas, Alexandra Cozar, Juansimon Arroyave

Start time: <9:00pm>

End time: <10:00pm>

<Pedro Villegas>:

- How many hours have I worked since the last meeting?
 - 1hrs
- What was done since the last scrum meeting?
 - Pick projects in agreement with the team.
- What is planned to be done until the next scrum meeting?
 - Find a proper database to use as well as iron out project scope.
- What are the hurdles?
 - Selecting the database based on requirements.

<Jeremiah Egbodo>:

- How many hours have I worked since the last meeting?
 - 1 hours
- What was done since the last scrum meeting?
 - We picked the project we wanted to do during the semester
- What is planned to be done until the next scrum meeting?
 - We picked what we were going to do during the week
- What are the hurdles?
 - Finding what stack to used

Alexandra Cozar:

- How many hours have I worked since the last meeting?
 - 1
- What was done since the last scrum meeting?
 - We decided what project we wanted to complete throughout the class.
- What is planned to be done until the next scrum meeting?
 - Until the next scrum meeting we will do further research on the project we chose.
- What are the hurdles?
 - Currently there are no hurdles.

Juansimon Arroyave

- How many hours have I worked since the last meeting?
 - 1
- What was done since the last scrum meeting?

- Joined HandyMen Now group after much consideration.
- What is planned to be done until the next scrum meeting?
 - Decide on Project scope and set our requirements.
- What are the hurdles?
 - Deciding on a stack of technologies that fits our group's talents best.

<Zubayer Ahmed Sadid>:

- How many hours have I worked since the last meeting?
 - 1
- What was done since the last scrum meeting?
 - Project decided
- What is planned to be done until the next scrum meeting?
 - Further project planning, deciding tech stack
- What are the hurdles?
 - None

9/3/2025

Daily Scrum Meeting Minutes:

Attendees: Pedro Villegas, Alexandra Cozar, Juansimon Arroyave, Zubayer Ahmed Sadid

Start time: <9:00pm>

End time: <10:00pm>

<Pedro Villegas>:

- How many hours have I worked since the last meeting?
 - 1hrs
- What was done since the last scrum meeting?
 - Iron out details for the application.
- What is planned to be done until the next scrum meeting?
 - Find a proper database to use as well as iron out project scope. As well as continue ironing out the specifics for the project.
- What are the hurdles?
 - Selecting the database based on requirements.

<Jeremiah Egbodo>:

- How many hours have I worked since the last meeting?
 - 1 hours
- What was done since the last scrum meeting?
 - We picked the project we wanted to do during the semester
- What is planned to be done until the next scrum meeting?
 - We picked what we were going to do during the week
- What are the hurdles?
 - Finding what stack to used

Alexandra Cozar:

- How many hours have I worked since the last meeting?
 - 2
- What was done since the last scrum meeting?
 - Since the last scrum meeting we did some research on our project topic.
- What is planned to be done until the next scrum meeting?
 - Until the next scrum meeting we will continue doing research on the project we chose.
- What are the hurdles?
 - One hurdle is making sure we are well informed on the topic.

Juansimon Arroyave

- How many hours have I worked since the last meeting?
 - 2
- What was done since the last scrum meeting?
 - Created an organized shared drive to store meeting minutes, templates, and other documentation. Set up meeting minutes for today
- What is planned to be done until the next scrum meeting?
 - Decide on Project scope and set our requirements.
- What are the hurdles?
 - Deciding on a stack of technologies that fits our group's talents best.

<Zubayer Ahmed Sadid >:

- How many hours have I worked since the last meeting?
 - 1
- What was done since the last scrum meeting?
 - Project structure and work schedule decided
- What is planned to be done until the next scrum meeting?
 - Deciding tech stack and evaluating team's technical strengths & weaknesses
- What are the hurdles?
 - None at the moment

9/4/2025

Daily Scrum Meeting Minutes:

Attendees: Pedro Villegas, Alexandra Cozar, Juansimon Arroyave, Zubayer Ahmed Sadid

Start time: <8:00pm>

End time: <9:00pm>

<Pedro Villegas>:

- How many hours have I worked since the last meeting?

- 1hrs
- What was done since the last scrum meeting?
 - Iron out details for the application.
- What is planned to be done until the next scrum meeting?
 - Continue ironing out the specifics for the project.
- What are the hurdles?
 - Selecting the database based on requirements. As well as agreeing on specifics for the app tech stack.

<Jeremiah Egbodo>:

- How many hours have I worked since the last meeting?
 - 1 hours
- What was done since the last scrum meeting?
 - We picked the project we wanted to do during the semester
- What is planned to be done until the next scrum meeting?
 - We picked what we were going to do during the week
- What are the hurdles?
 - Finding what stack to used

Alexandra Cozar:

- How many hours have I worked since the last meeting?
 - 2
- What was done since the last scrum meeting?
 - Since the last scrum meeting we did further research on our project topic.
- What is planned to be done until the next scrum meeting?
 - Until the next scrum meeting we will start dividing project-addressing work.
- What are the hurdles?
 - One hurdle is making sure we can properly assign project related roles.

Juansimon Arroyave

- How many hours have I worked since the last meeting?
 - 2
- What was done since the last scrum meeting?
 - Worked on deciding project scope by researching responsibilities of handymen
- What is planned to be done until the next scrum meeting?
 - Decide on Project scope and set our requirements.
- What are the hurdles?
 - Deciding on a stack of technologies that fits our group's talents best.

<Zubayer Ahmed Sadid >:

- How many hours have I worked since the last meeting?
 - 1
- What was done since the last scrum meeting?
 - Tech stack discussed (undecided)
- What is planned to be done until the next scrum meeting?
 - Evaluating team's technical strengths & weaknesses & finalizing tech stack

- What are the hurdles?
 - Figuring out tech stack that everyone can work with

9/5/2025

Daily Scrum Meeting Minutes:

Attendees: Pedro Villegas, Alexandra Cozar, Juansimon Arroyave, Zubayer Ahmed Sadid

Start time: <8:00pm>

End time: <9:00pm>

<Pedro Villegas>:

- How many hours have I worked since the last meeting?
 - 1hrs
- What was done since the last scrum meeting?
 - Iron out details for the application.
- What is planned to be done until the next scrum meeting?
 - Continue ironing out the specifics for the project. Continue researching and picking framework for app.
- What are the hurdles?
 - Selecting the database based on requirements. As well as agreeing on specifics for the app tech stack.

<Jeremiah Egbodo>:

- How many hours have I worked since the last meeting?
 - 1 hours
- What was done since the last scrum meeting?
 - We picked the project we wanted to do during the semester
- What is planned to be done until the next scrum meeting?
 - We picked what we were going to do during the week
- What are the hurdles?
 - Finding what stack to used

Alexandra Cozar:

- How many hours have I worked since the last meeting?
 - 2
- What was done since the last scrum meeting?
 - Since the last scrum meeting we discussed how we should approach the project.
- What is planned to be done until the next scrum meeting?
 - Until the next scrum meeting we will start discussing project work.
- What are the hurdles?

- No hurdles currently.

Juansimon Arroyave

- How many hours have I worked since the last meeting?
 - 2
- What was done since the last scrum meeting?
 - Researched database solutions that might be necessary for developing out application.
- What is planned to be done until the next scrum meeting?
 - Decide on Project scope and set our requirements.
- What are the hurdles?
 - Deciding on a stack of technologies that fits our group's talents best.

<Zubayer Ahmed Sadid >:

- How many hours have I worked since the last meeting?
 - 2
- What was done since the last scrum meeting?
 - Tech stack discussed (undecided)
- What is planned to be done until the next scrum meeting?
 - Finalizing tech stack & project planning
- What are the hurdles?
 - None

9/8/2025

Daily Scrum Meeting Minutes:

Attendees: Pedro Villegas, Alexandra Cozar, Juansimon Arroyave, Zubayer Ahmed Sadid

Start time: <8:00pm>

End time: <9:00pm>

<Pedro Villegas>:

- How many hours have I worked since the last meeting?
 - 2hrs
- What was done since the last scrum meeting?
 - Iron out details for the application and working through a springboot course to get used to the framework.
- What is planned to be done until the next scrum meeting?
 - Continue ironing out the specifics for the project. Continue researching and learning the framework for the app.
- What are the hurdles?
 - Agreeing on specifics for the app tech stack, and learning the springboot framework.

<Jeremiah Egbodo>:

- How many hours have I worked since the last meeting?

- 1 hours
- What was done since the last scrum meeting?
 - We picked the project we wanted to do during the semester
- What is planned to be done until the next scrum meeting?
 - We picked what we were going to do during the week
- What are the hurdles?
 - Finding what stack to used

Alexandra Cozar:

- How many hours have I worked since the last meeting?
 - 2
- What was done since the last scrum meeting?
 - Since the last scrum meeting we discussed how we should approach the project.
- What is planned to be done until the next scrum meeting?
 - Until the next scrum meeting we will start discussing project work.
- What are the hurdles?
 - No hurdles currently.

Juansimon Arroyave

- How many hours have I worked since the last meeting?
 - 2
- What was done since the last scrum meeting?
 - Researched database solutions that might be necessary for developing out application.
- What is planned to be done until the next scrum meeting?
 - Decide on Project scope and set our requirements.
- What are the hurdles?
 - Deciding on a stack of technologies that fits our group's talents best.

<Zubayer Ahmed Sadid >:

- How many hours have I worked since the last meeting?
 - 2
- What was done since the last scrum meeting?
 - Tech stack and project structure discussed
- What is planned to be done until the next scrum meeting?
 - Work allocation and planning
- What are the hurdles?
 - None

9/9/2025

Daily Scrum Meeting Minutes:

Attendees: Pedro Villegas, Alexandra Cozar, Juansimon Arroyave, Zubayer Ahmed Sadid

Start time: <9:00pm>

End time: <10:00pm>

<Pedro Villegas>:

- How many hours have I worked since the last meeting?
 - 2hrs
- What was done since the last scrum meeting?
 - Agree on details for the application and working through a springboot course to get used to the framework.
- What is planned to be done until the next scrum meeting?
 - Finalize the specifics for the project. Continue researching and learning the framework for the app.
- What are the hurdles?
 - Agreeing on specifics for the app tech stack, learning the springboot framework, working on the applications along with other commitments.

<Jeremiah Egbodo>:

 - Continue researching and learning the framework for the app. Begin implementing code for login verification.
- What are the hurdles?
 - Agreeing on specifics for the app tech stack, learning the springboot framework, and working on the applications along with other commitments.

<Jeremiah Egbodo>:

- How many hours have I worked since the last meeting?
 - 1 hours
- What was done since the last scrum meeting?
 - We picked the project we wanted to do during the semester
- What is planned to be done until the next scrum meeting?
 - We picked what we were going to do during the week
- What are the hurdles?

- Finding what stack to used

Alexandra Cozar:

- How many hours have I worked since the last meeting?
 - 2
- What was done since the last scrum meeting?
 - Since the last scrum meeting we discussed the front-end aspects of the project.
- What is planned to be done until the next scrum meeting?
 - Until the next scrum meeting we will discuss UI features.
- What are the hurdles?
 - One hurdle is making sure each team member is on the same page regarding the project execution.

Juansimon Arroyave

- How many hours have I worked since the last meeting?
 - 2
- What was done since the last scrum meeting?
 - Researched possible automations/ features to be introduced into project.
- What is planned to be done until the next scrum meeting?
 - Decide on Project scope and set our requirements.
- What are the hurdles?
 - Deciding on a stack of technologies that fits our group's talents best.

<Zubayer Ahmed Sadid >:

- How many hours have I worked since the last meeting?
 - 2
- What was done since the last scrum meeting?
 - Feature planning and requirements discussed
- What is planned to be done until the next scrum meeting?
 - Design mockups and user flow design
- What are the hurdles?
 - None

9/18/2025

Daily Scrum Meeting Minutes:

Attendees: Pedro Villegas, Alexandra Cozar, Juansimon Arroyave, Zubayer Ahmed Sadid

Start time: <9:00pm>

End time: <10:00pm>

<Pedro Villegas>:

- How many hours have I worked since the last meeting?
 - 2hrs
- What was done since the last scrum meeting?

- Continue springboot course to get used to the framework. Begin learning to implement login verification. Created github rep, as well as project packages using intellij.
- What is planned to be done until the next scrum meeting?
 - Continue researching and learning the framework for the app. Continue implementing code for login verification.
- What are the hurdles?
 - Agreeing on specifics for the app tech stack, learning the springboot framework, and working on the applications along with other commitments.

<Jeremiah Egbodo>:

- What is planned to be done until the next scrum meeting?
 - Until the next scrum meeting we will review our last sprint.
- What are the hurdles?
 - No hurdles yet.

Juansimon Arroyave

- How many hours have I worked since the last meeting?
 - 2
- What was done since the last scrum meeting?
 - Researched possible automations/ features to be introduced into project.
- What is planned to be done until the next scrum meeting?
 - Decide on Project scope and set our requirements.
- What are the hurdles?
 - Balancing work and school responsibilities.

<Zubayer Ahmed Sadid >:

- How many hours have I worked since the last meeting?
 - 3
- What was done since the last scrum meeting?
 - Work allocated between team members
- What is planned to be done until the next scrum meeting?
 - Learning spring boot and JWT auth
- What are the hurdles?
 - Lack of Java backend knowledge

10/07/2025

Daily Scrum Meeting Minutes:

Attendees: Pedro Villegas, Alexandra Cozar, Juansimon Arroyave, Zubayer Ahmed Sadid

Start time: <9:00pm>

End time: <10:00pm>

<Pedro Villegas>:

- How many hours have I worked since the last meeting?
 - 2hrs
- What was done since the last scrum meeting?
 - Changing the project build from gradle to maven. Following different procedures for the spring framework using maven. Also learning autowiring for easier bean creation.
- What is planned to be done until the next scrum meeting?
 - Continue researching and learning the framework for the app. Continue implementing code for login verification.
- What are the hurdles?
 - Agreeing on specifics for the app tech stack, learning the springboot framework, and working on the applications along with other commitments.

<Jeremiah Egbodo>:

- How many hours have I worked since the last meeting?
 - 1 hours
- What was done since the last scrum meeting?
 - We picked the project we wanted to do during the semester
- What is planned to be done until the next scrum meeting?
 - We picked what we were going to do during the week
- What are the hurdles?
 - Finding what stack to used

Alexandra Cozar:

- How many hours have I worked since the last meeting?
 - 2
- What was done since the last scrum meeting?
 - Since the last scrum meeting we discussed roles pertaining to UI.
- What is planned to be done until the next scrum meeting?
 - Until the next scrum meeting we will review our last sprint.
- What are the hurdles?
 - No hurdles yet.

Juansimon Arroyave

- How many hours have I worked since the last meeting?

 - We picked what we were going to do during the week
- What are the hurdles?
 - Finding what stack to used

Alexandra Cozar:

- How many hours have I worked since the last meeting?
 - 2
- What was done since the last scrum meeting?
 - Since the last scrum meeting we analyzed project progress.
- What is planned to be done until the next scrum meeting?

- Until the next scrum meeting we will discuss individual project tasks and how we can coordinate to further advance the project.
- What are the hurdles?
 - One hurdle is making sure individual tasks work toward our final project goals.

Juansimon Arroyave

- How many hours have I worked since the last meeting?
 - 2
- What was done since the last scrum meeting?
 - Researched possible automations/ features to be introduced into project.
- What is planned to be done until the next scrum meeting?
 - Decide on Project scope and set our requirements.
- What are the hurdles?
 - Balancing work and school responsibilities.

<Zubayer Ahmed Sadid >:

- How many hours have I worked since the last meeting?
 - 3
- What was done since the last scrum meeting?
 - Started collaborating over version control, setting up spring boot environment
- What is planned to be done until the next scrum meeting?
 - Build authentication
- What are the hurdles?
 - Lack of springboot expertise

10/23/2025

Daily Scrum Meeting Minutes:

Attendees: Pedro Villegas, Alexandra Cozar, Juansimon Arroyave, Zubayer Ahmed Sadid

Start time: <9:00pm>

End time: <10:00pm>

<Pedro Villegas>:

- How many hours have I worked since the last meeting?
 - 2hrs
- What was done since the last scrum meeting?
 - Following different procedures for the spring framework using maven. Also learning autowiring for easier bean creation.
 - Making the models for AvaliableJobs, HandyManJobs, and jobs.
- What is planned to be done until the next scrum meeting?
 - Continue researching and learning the framework for the app. Continue implementing code for login verification. Implement different routing features for users using componentScan in SpringBoot.
- What are the hurdles?

- Agreeing on specifics for the app tech stack, learning the springboot framework, and working on the applications along with other commitments.

<Jeremiah Egbodo>:

- How many hours have I worked since the last meeting?
 - 1 hours
- What was done since the last scrum meeting?
 - We picked the project we wanted to do during the semester
- What is planned to be done until the next scrum meeting?
 - We picked what we were going to do during the week
- What are the hurdles?

 - Since the last scrum meeting we discussed project approaches.
- What is planned to be done until the next scrum meeting?
 - Until the next scrum meeting we will continue reviewing our sprint progress.
- What are the hurdles?
 - None yet.

Juansimon Arroyave

- How many hours have I worked since the last meeting?
 - 2
- What was done since the last scrum meeting?
 - Researched possible automations/ features to be introduced into project.
- What is planned to be done until the next scrum meeting?
 - Decide on Project scope and set our requirements.
- What are the hurdles?
 - Balancing work and school responsibilities.

<Zubayer Ahmed Sadid >:

- How many hours have I worked since the last meeting?
 - 3
- What was done since the last scrum meeting?

- Started collaborating over version control, setting up spring boot environment
- What is planned to be done until the next scrum meeting?
 - Build authentication
- What are the hurdles?
 - Lack of springboot expertise

11/09/2025

Daily Scrum Meeting Minutes:

Attendees: Pedro Villegas, Alexandra Cozar, Juansimon Arroyave, Zubayer Ahmed Sadid

Start time: <9:00pm>

End time: <10:00pm>

<Pedro Villegas>:

- How many hours have I worked since the last meeting?
 - 2hrs
- What was done since the last scrum meeting?
 - Following different procedures for the spring framework using maven. Also learning autowiring for easier bean creation.
 - Continue implementing services for AvaliableJobs, HandyManJobs, users, and jobs.
- What is planned to be done until the next scrum meeting?
 - Continue researching and learning the framework for the app. Continue implementing code for login verification. Implement different routing features for users using componentScan in SpringBoot.
- What are the hurdles?
 - Agreeing on specifics for the app tech stack, learning the springboot framework, and working on the applications along with other commitments.

<Jeremiah Egbodo>:

- How many hours have I worked since the last meeting?
 - 1 hours
- What was done since the last scrum meeting?
 - We picked the project we wanted to do during the semester
- What is planned to be done until the next scrum meeting?
 - We picked what we were going to do during the week
- What are the hurdles?
 - Finding what stack to used

Alexandra Cozar:

- How many hours have I worked since the last meeting?

 - 1 hours
- What was done since the last scrum meeting?
 - We picked the project we wanted to do during the semester
- What is planned to be done until the next scrum meeting?
 - We picked what we were going to do during the week
- What are the hurdles?
 - Implementing the frontend to the backend. I am more used to working solely with backends.

Alexandra Cozar:

- How many hours have I worked since the last meeting?
 - 2
- What was done since the last scrum meeting?
 - Since the last scrum meeting we coordinated our approach for UI.
- What is planned to be done until the next scrum meeting?
 - Until the next scrum meeting we will make sure this approach is acceptable for the final product.
- What are the hurdles?
 - No hurdles yet.

Juansimon Arroyave

- How many hours have I worked since the last meeting?
 - 2
- What was done since the last scrum meeting?
 - Researched possible automations/ features to be introduced into project.
- What is planned to be done until the next scrum meeting?
 - Decide on Project scope and set our requirements.

- What are the hurdles?
 - Balancing work and school responsibilities.

<Zubayer Ahmed Sadid >:

- How many hours have I worked since the last meeting?
 - 3
- What was done since the last scrum meeting?
 - Started collaborating over version control, setting up spring boot environment
- What is planned to be done until the next scrum meeting?
 - Build authentication
- What are the hurdles?
 - Lack of springboot expertise

11/25/2025

Daily Scrum Meeting Minutes:

Attendees: Pedro Villegas, Alexandra Cozar, Juansimon Arroyave, Zubayer Ahmed Sadid

Start time: <9:00pm>

End time: <10:00pm>

<Pedro Villegas>:

- How many hours have I worked since the last meeting?
 - 2hrs
- What was done since the last scrum meeting?
 - Help finish frontend.
- What is planned to be done until the next scrum meeting?
 - Finish implementing backend with frontend.
- What are the hurdles?
 - Agreeing on specifics for the app tech stack, learning the springboot framework, and working on the applications along with other commitments.

<Jeremiah Egbodo>:
