

Daily Scrum Meeting Minutes 3:

Attendees: Manuel Conrad, Isis Gomez, Michael Novas, Kirei Hausheer, Joaquin Prado

Start time: 7:00 P.M.

End time: 8:00 P.M.

Manuel Conrad

- **Hours worked since last meeting:** 3 hours
- **What was done since the last scrum meeting?**
Drafted first phishing scenario comparing a fake PayPal email vs. a real one.
- **What is planned to be done until the next scrum meeting?**
Add a second phishing scenario (Google account compromise example).
- **What are the hurdles?**
Finding high-quality references that look realistic but are safe to use.

Joaquin Prado

- **Hours worked since last meeting:** 3 hours
- **What was done since the last scrum meeting?**
Completed initial QA checklist focusing on MFA testing and phishing game interactions.
- **What is planned to be done until the next scrum meeting?**
Begin running structured tests on MFA flow and dashboard features.
- **What are the hurdles?**
Ensuring test coverage includes both desktop and mobile environments.

Michael Novas

- **Hours worked since last meeting:** 3 hours
- **What was done since the last scrum meeting?**
Researched PDF export libraries (jsPDF and Puppeteer) for dashboard reporting.
- **What is planned to be done until the next scrum meeting?**
Build a prototype export function for dashboard test data.
- **What are the hurdles?**
Managing performance trade-offs between client-side and server-side PDF generation.

Kirei Hausheer

- **Hours worked since last meeting:** 3 hours
- **What was done since the last scrum meeting?**
Reviewed Manuel's phishing scenario draft and suggested adjustments for clarity.
- **What is planned to be done until the next scrum meeting?**
Create supporting visuals for phishing scenarios to improve engagement.
- **What are the hurdles?**
Designing visuals that feel authentic without misleading users.

Isis Gomez

- **Hours worked since last meeting:** 3 hours
- **What was done since the last scrum meeting?**
Investigated MFA mobile compatibility issues from Sprint 2 and logged test cases.
- **What is planned to be done until the next scrum meeting?**
Draft a detailed test plan for MFA validation on Android and iOS.
- **What are the hurdles?**
Limited device access for mobile testing.
