

Daily Scrum Meeting Minutes 4:

Attendees: Manuel Conrad, Isis Gomez, Michael Novas, Kirei Hausheer, Joaquin Prado

Start time: 7:00 P.M.

End time: 8:00 P.M.

Manuel Conrad

- **Hours worked since last meeting:** 3 hours
- **What was done since the last scrum meeting?**
Refined phishing scenario text and added key learning points for user feedback.
- **What is planned to be done until the next scrum meeting?**
Begin drafting the third scenario (legitimate email example) for game balance.
- **What are the hurdles?**
Ensuring the “real” email looks authentic enough to contrast with phishing examples.

Joaquin Prado

- **Hours worked since last meeting:** 3 hours
- **What was done since the last scrum meeting?**
Completed QA testing for two phishing scenarios; logged scoring consistency issues.
- **What is planned to be done until the next scrum meeting?**
Test the MFA demo version on multiple browsers.
- **What are the hurdles?**
Browser extensions sometimes interfere with MFA prompts.

Michael Novas

- **Hours worked since last meeting:** 3 hours
- **What was done since the last scrum meeting?**
Integrated prototype PDF export button into dashboard for internal testing.
- **What is planned to be done until the next scrum meeting?**
Improve layout of exported reports (tables, headers, and summary section).
- **What are the hurdles?**
Formatting issues when exporting larger datasets.

Kirei Hausheer

- **Hours worked since last meeting:** 3 hours
- **What was done since the last scrum meeting?**
Finalized phishing visuals for first two scenarios and tested placement in the module.
- **What is planned to be done until the next scrum meeting?**
Design draft visuals for the legitimate email scenario.
- **What are the hurdles?**
Maintaining design consistency across fake and real scenarios.

Isis Gomez

- **Hours worked since last meeting:** 3 hours
- **What was done since the last scrum meeting?**
Conducted MFA tests on iOS; documented issues with push notification delays.
- **What is planned to be done until the next scrum meeting?**
Compile Android + iOS test results into a comparative findings report.
- **What are the hurdles?**
Some test logs are incomplete due to device availability.
