

Daily Scrum Meeting Minutes 1:

Attendees: Isis Gomez, Manuel Conrad, Michael Novas, Kirei Hausheer, Joaquin Prado

Start time: 7:00 PM

End time: 8:00 PM

Isis Gomez:

How many hours have I worked since the last meeting?

3 hours.

What was done since the last scrum meeting?

Finalized updates to the Spot the Phish interface and verified page responsiveness.

What is planned to be done until the next scrum meeting?

Start integrating scoring logic into Spot the Phish and test the transition flow between questions.

What are the hurdles?

Ensuring data from user interactions saves correctly to the progress tracker.

Manuel Conrad:

How many hours have I worked since the last meeting?

3 hours.

What was done since the last scrum meeting?

Reviewed and adjusted the phishing simulation content for better difficulty balance.

What is planned to be done until the next scrum meeting?

Refine the phishing scenarios and assist with progress-tracking feature setup.

What are the hurdles?

Needing confirmation on how many examples per module should be implemented for this sprint.

Michael Novas:

How many hours have I worked since the last meeting?

3 hours.

What was done since the last scrum meeting?

Began testing the feedback system integration layout for user results.

What is planned to be done until the next scrum meeting?

Implement feedback display logic and connect it to score storage for each simulator.

What are the hurdles?

Aligning feedback visuals with overall UI theme consistency.

Kirei Hausheer:

How many hours have I worked since the last meeting?

3 hours.

What was done since the last scrum meeting?

Reviewed and adjusted the UI elements for PassMaster to match color palette and accessibility guidelines.

What is planned to be done until the next scrum meeting?

Create final button layouts and spacing fixes for Threat Hunter.

What are the hurdles?

Testing the design across different screen sizes to ensure mobile compatibility.

Joaquin Prado:

How many hours have I worked since the last meeting?

3 hours.

What was done since the last scrum meeting?

Set up testing checklist for simulator performance and module navigation.

What is planned to be done until the next scrum meeting?

Begin running tests on Spot the Phish and report any issues to the team.

What are the hurdles?

Encountering delays in loading times during testing sessions.
