

Daily Scrum Meeting Minutes 9:

Attendees: Isis Gomez, Manuel Conrad, Michael Novas, Kirei Hausheer, Joaquin Prado

Start time: 7:00 PM

End time: 8:00 PM

Isis Gomez:

How many hours have I worked since the last meeting?

3 hours.

What was done since the last scrum meeting?

Finalized export functionality for the reporting dashboard and validated sample report outputs.

What is planned to be done until the next scrum meeting?

Review overall simulator performance and prepare notes for Sprint 4 review.

What are the hurdles?

Need to ensure exported files display identical results across devices.

Manuel Conrad:

How many hours have I worked since the last meeting?

3 hours.

What was done since the last scrum meeting?

Conducted final content review across all modules and corrected minor spelling inconsistencies.

What is planned to be done until the next scrum meeting?

Perform a walkthrough of all training scenarios to confirm clarity and accuracy.

What are the hurdles?

Still encountering slight misalignment in a few scenario text boxes.

Michael Novas:

How many hours have I worked since the last meeting?

3 hours.

What was done since the last scrum meeting?

Completed backend testing for data persistence and fixed export duplication issue.

What is planned to be done until the next scrum meeting?

Analyze dashboard performance metrics and generate summary for team review.

What are the hurdles?

Testing delay due to inconsistent local storage sync times.

Kirei Hausheer:

How many hours have I worked since the last meeting?

3 hours.

What was done since the last scrum meeting?

Finalized layout consistency across modules and improved icon accessibility labels.

What is planned to be done until the next scrum meeting?

Assist with preparing final visuals and screenshots for Sprint 4 documentation.

What are the hurdles?

Minor overlap between dashboard buttons and text elements on smaller screens.

Joaquin Prado:

How many hours have I worked since the last meeting?

3 hours.

What was done since the last scrum meeting?

Completed system-wide testing of the simulator for navigation and feedback accuracy.

What is planned to be done until the next scrum meeting?

Validate that all bugs from prior test cycles are resolved before sprint closure.

What are the hurdles?

A few tooltips are still not displaying correctly in the Threat Hunter module.
