

Sprint Planning Meeting Minutes:

Project: AI Mock Interview App

Attendees: Daniella Fuentes, Lindsey Blais, Nakisha Strickland.

Start time: 4:00 PM

End time: 5:00 PM

After discussion, the velocity of the team was estimated to be <20 story points>.

The product owner chose the following user stories to be done during the next sprint. They are ordered based on their priority.

- **User Story 26:** Expand analytics dashboard with detailed skill progress charts and comparison visuals.
- **User Story 27:** Add end-of-session summaries that provide personalized feedback highlights and improvement tips.
- **User Story 28:** Improve AI question variety to avoid repetition and enhance topic coverage.
- **User Story 29:** Introduce a new theme setting that allows users to switch between light and dark modes.
- **User Story 30:** Polish the UI for mobile performance and accessibility improvements.

The team members indicated their willingness to work on the following user stories.

- <Daniella Fuentes>
 - Lead development of User Story 27 (personalized session summaries).
 - Support testing of AI question variety logic for User Story 28.
 - ...
- <Lindsey Blais>
 - Lead backend development for User Story 26 (expanded analytics dashboard).
 - Assist with performance improvements for User Story 30.
 - ...
- <Nakisha Strickland>
 - Design and implement User Story 29 (light/dark mode theme system).
 - Collaborate with Daniella to refine UI and accessibility for User Story 30.
 - ...
