

Review Meeting Minutes

Project: AI Mock Interview Prep

Attendees: Daniella Fuentes, Lindsey Blais, Nakisha Strickland

Start time: 3:00 PM

End time: 4:00 PM

After a show and tell presentation, the implementation of the following user stories was accepted by the product owners:

- **User Story 6:** Add industry-specific interview question sets (IT, healthcare, and business).
- **User Story 7:** Implement progress tracking with visual indicators for user improvement.
- **User Story 8:** Add reflection prompts after AI feedback to encourage self-assessment.
- **User Story 9:** Improve UI for question selection, including filters for industry and difficulty.
- **User Story 10:** Optimize AI response logic to reduce repetitive feedback.

The following ones were rejected and moved back to the product backlog to be assigned to a future sprint at a future Sprint Planning meeting.

- None
 - How this should be reflected in the user story definition in Mingle:
 - All five user stories were marked as Completed and linked to Sprint 2.
 - Story feedback, where applicable, was recorded as comments for possible enhancement tasks in future sprints.
 - The product owner noted the team's progress was strong, particularly in making the app more interactive and user-friendly.
