

Daily Scrum Meeting Minutes:

Date: 09/16/2025

Attendees: Barbara Andino, Amelia DiGennaro, Damian Figueroa-Gonzalez, Moath Hussein

Start time: 6:20pm

End time: 6:45pm

Sprint 2, Day 2

Barbara Andino:

- How many hours have I worked since the last meeting?
 - 2 hours
- What was done since the last scrum meeting?
 - I started researching which organizations would be ideal targets for simulating a drop attack on. I focused on factors like foot traffic, type of employees, and likelihood of plugging in unknown devices.
- What is planned to be done until the next scrum meeting?
 - I plan to continue researching and narrow down a few realistic organizations to present to the team.
- What are the hurdles?
 - None at the moment.

Amelia DiGennaro:

- How many hours did I work since the last meeting?
 - 2 hours
- What was done since the last scrum meeting?
 - Since the last meeting I began compiling research on some common threats that are associated with USB Drop Attacks by looking at case studies and academic articles.
- What is planned to be done until the next scrum meeting?
 - I plan to continue researching and collecting more data on the types of threats that come with USB Drop Attacks.
- What are the hurdles?
 - None at the moment.

Damian Figueroa-Gonzalez:

- How many hours did I work since the last meeting?
 - 2 hours
- What was done since the last scrum meeting?
 - Since the last scrum meeting, I gathered more resources on vulnerability analysis techniques and identified a few key approaches that may be applied to our project.
- What is planned to be done until the next scrum meeting?
 - I plan to continue research and gather relevant information about how to mitigate USB drop attacks.
- What are the hurdles?

- None at this moment.

Moath Hussein:

- How many hours did I work since the last meeting?
 - 2 hours
- What was done since the last scrum meeting
 - I began identifying and documenting the potential risks associated with the task, and I shared these findings with the project manager. I started recording precise observations related to security risks, compliance, and performance.
- What is planned to be done until the next scrum meeting?
 - I plan to begin prioritizing risks based on their likelihood and the severity of their potential consequences.
- What are the hurdles?
 - None for today.
