After discussion, the velocity of the team was estimated to be 20 points.

The product owner chose the following user stories to be done during the next sprint. They are ordered based on their priority.

- User Story: 5 - As a team member, I want to choose which organization we will simulate for the purposes of our USB drop attack risk assessment, and list their key assets so we can understand what is at risk.
- User Story: 6 - As a team member, I want to identify potential threats related to USB drop attacks so we are able to analyze risk later.
- User Story: 7 - As a team member, I want to define likely vulnerabilities that would allow a USB drop attack to succeed so we can prioritize mitigation.
- User Story: 8 - As a team member, I want to begin drafting and updating the risk documentation in real time as the team identifies assets, threats, and vulnerabilities in order to have completed documentation in the Risk Assessment report.

The team members indicated their willingness to work on the following user stories.

- Barbara Andino:
 - User Story 5: Choose Organization & Asset Inventory
- Amelia DiGennaro:
 - User Story 6: Threat List Development
- Damian Figueroa-Gonzalez:
 - User Story 7: Vulnerability Analysis
- Moath Hussein:
