Date: 11/3/2025

Attendees: Barbara Andino, Amelia DiGennaro, Damian Figueroa-Gonzalez, Moath Hussein

Start time: 10:35 PM

End time: 10:45 PM

Sprint 5, Day 6

Barbara Andino:

- How many hours have I worked since the last meeting?
 - 3 hours
- What was done since the last scrum meeting?
 - I updated the diagram to incorporate my team's feedback. I added clearer arrows to show sequence, emphasized the detention phase, and adjusted control placements so that the mitigation points stood out. I also added a legend to explain icons.
- What is planned to be done until the next scrum meeting?
 - I plan to finish the legend and add short callouts for the key detection and response steps. I also plan to prepare a presentation slide of the diagram for my team members.
- What are the hurdles?
 - None at the moment.

Amelia DiGennaro:

- How many hours did I work since the last meeting?
 - 3 hours
- What was done since the last scrum meeting?
 - I revised the attack flow document by implementing my team's feedback and improved the clarity and organization of each of the sections.
- What is planned to be done until the next scrum meeting?
 - I plan to begin drafting detailed simulation scenarios and acceptance criteria for the USB Drop Attack, and start setting up the framework for testing each stage of the flow.
- What are the hurdles?
 - None at the moment.

Damian Figueroa-Gonzalez:

- How many hours did I work since the last meeting?
 - 3 hours
- What was done since the last scrum meeting?
 - Since the last scrum meeting, I continued testing the harmless USB payload prototype in the isolated environment. I made minor adjustments to improve reliability.
- What is planned to be done until the next scrum meeting?

- I plan to finalize testing, document the results, and share with the team for feedback.
- What are the hurdles?
 - None at this moment.

Moath Hussein:

- How many hours did I work since the last meeting?
 - 3 hours
- What was done since the last scrum meeting?
 - A thorough job check was conducted to ensure that all demo features function as intended and adhere to quality standards.
- What is planned to be done until the next scrum meeting?
 - Organize a review session with the team to gather additional notes and make the necessary adjustments before submitting the demonstration.
- What are the hurdles?
 - None for today
