

Sprint Planning Meeting Minutes:

Attendees: Nicholas Delgado, Alexander Hued, Amanda Bustinza

Start time: 3:00 pm

End time: 4:00 pm

After discussion, the velocity of the team was estimated to be **moderate**, given this is our first sprint and we are still defining scope and approach.

The product owner chose the following user stories to be done during the next sprint. They are ordered based on their priority.

- **User Story 1: Continue making wireframes and layout ideas.**
- **User Story 2: Creating a list of teaching methods & questions for users to use in-app.**
- **User Story 3: Continue developing on initial build.**

The team members indicated their willingness to work on the following user stories.

- Nicholas Delgado
 - User Story 1: Continuing development on project designs and assessing viability of current designs throughout production
 - User Story 2: Creating a list of teaching methods & questions for users to use in-app.
 - User Story 3: Continue developing on initial build.
- Amanda Bustinza
 - User Story 1: Helping with creative layout ideas for our project
 - User Story 2: Creating a list of teaching methods & questions for users to use in-app.
 - User Story 3: Continue developing on initial build.
- Alexander Hued
 - User Story 1: Continuing development on project designs and assessing viability of current designs throughout production, creating any developing designs using
 - User Story 2: Creating a list of teaching methods & questions for users to use in-app.
 - User Story 3: Continue developing on initial build.
