Amanda Bustinza

- How many hours did I work since the last meeting?
 - 3 hours
- What was done since the last scrum meeting?
 - Working on the UI
- What is planned to be done until the next scrum meeting?
 - Last sprint my focus was on cutting down the learning aspects of the application to avoid feature creep. This sprint, I am focusing on working on the UI being accurate for the features we want to include in the base version of the final product. If we work efficiently, I would like to add more features, but I want a solid base for our application to be ready.
- What are the hurdles?
 - Scheduling meeting times.
