

Sprint Planning Meeting Minutes:

Attendees: Nicholas Delgado, Alexander Hued, Amanda Bustinza

Start time: 3:00 pm

End time: 4:00 pm

After discussion, the velocity of the team was estimated to be **moderate**, given this is our first sprint and we are still defining scope and approach.

The product owner chose the following user stories to be done during the next sprint. They are ordered based on their priority.

- **User Story 1: Create for finalized wireframes and designs.**
- **User Story 2: Create a finalized list of teaching methods to be implemented into app to limit factor creep and maintain a final quality product.**
- **User Story 3: Continue developing on created features in current build.**

The team members indicated their willingness to work on the following user stories.

Nicholas Delgado

- User Story 1: Assist in finalizing project wireframes and validating design consistency.
- User Story 2: Contribute to the finalized list of teaching methods for app implementation.
- User Story 3: Continue development on current features within the build.

Amanda Bustinza

- User Story 1: Support the creation and refinement of finalized wireframes and designs.
- User Story 2: Help finalize the list of teaching methods for inclusion in the app.
- User Story 3: Continue contributing to feature development within the existing build.

Alexander Hued

- User Story 1: Lead efforts in creating and finalizing wireframes and design elements.
- User Story 2: Develop and refine the finalized list of teaching methods to be implemented in the app.
- User Story 3: Continue active development on existing features within the build.
